

PROCUREMENT PLAN (Textual Part)

Moldova

Project information: P167790 – Higher Education Project

Project Implementation agency: Ministry of Education, Culture and Research

Date of the Procurement Plan: March 2020

Period covered by this Procurement Plan: March 2020 – December 2025

Preamble

In accordance with paragraph 5.9 of the “World Bank Procurement Regulations for IPF Borrowers” (July 2016, revised November 2017 and August 2018) (“Procurement Regulations”) the Bank’s Systematic Tracking and Exchanges in Procurement (STEP) system will be used to prepare, clear and update Procurement Plans and conduct all procurement transactions for the Project.

This textual part along with the Procurement Plan tables in STEP constitute the Procurement Plan for the Project. The following conditions apply to all procurement activities in the Procurement Plan. The other elements of the Procurement Plan as required under paragraph 4.4 of the Procurement Regulations are set forth in STEP.

The Bank’s Standard Procurement Documents: shall be used for all contracts subject to international competitive procurement and those contracts as specified in the Procurement Plan tables in STEP.

National Procurement Arrangements: In accordance with paragraph 5.3 of the Procurement Regulations, when approaching the national market (as specified in the Procurement Plan tables in STEP), the country’s own procurement procedures may be used.

As part of project preparations and negotiations, it has been agreed that the Implementing Agency will use the Procurement Documents which have been previously used by the Ministry in other projects and as agreed with the Bank.

When other national procurement arrangements other than national open competitive procurement arrangements are applied by the Borrower, such arrangements shall be subject to paragraph 5.5 of the Procurement Regulations.

Leased Assets as specified under paragraph 5.10 of the Procurement Regulations: Leasing may be used for those contracts identified in the Procurement Plan tables. *“Not Applicable”*

Procurement of Second Hand Goods as specified under paragraph 5.11 of the Procurement Regulations – is allowed for those contracts identified in the Procurement Plan tables *“Not Applicable”*

Procurement arrangements under the Higher Education Improvement Program (HEIP)

Procurement under the HEIP will be managed by HEIP beneficiaries within the scope of their approved proposals. This would include procurement of goods, minor civil works (for pedagogical colleges only), consulting, non-consulting services and training. Goods to be procured would be mainly for equipping the laboratories and learning spaces. It is expected that procurement of these goods will follow the international market approach and for which the Standard Procurement Documents will be used. For procurement following the national market approach, the same arrangement is foreseen as provided in the Section on National Procurement Arrangements (above).
