Key Project Dates

Bank Approval Date: 15-Mar-2012	Effectiveness Date: 10-Jul-2012
Planned Mid Term Review Date: 01-Dec-2014	Actual Mid-Term Review Date: 25-Nov-2014
Original Closing Date: 31-Dec-2017	Revised Closing Date: 31-Dec-2021

Project Development Objectives

Project Development Objective (from Project Appraisal Document)

The project development objective (PDO) is to support the Borrower to (i) reduce flooding in the catchment of the Colombo WaterBasin, and (ii) strengthen the capacity of local authorities in the Colombo Metropolitan Area (CMA) to rehabilitate, improve andmaintain local infrastructure and services through selected demonstration investments.

Has the Project Development Objective been changed since Board Approval of the Project Objective?

Components Tabl

Name

No

Component 1: Flood and Drainage Management:(Cost \$143.70 M) Component 2: Urban development, infrastructure rehabilitation and capacity building for Metro Colombo local authorities.:(Cost \$48.30 M) Component 3: Implementation Support:(Cost \$1.10 M)

Overall Ratings

Name	Previous Rating	Current Rating
Progress towards achievement of PDO	Moderately Satisfactory	Moderately Satisfactory
Overall Implementation Progress (IP)	Moderately Satisfactory	Moderately Satisfactory
Overall Risk Rating	Moderate	Moderate

Implementation Status and Key Decisions

The Project continues to make progress and is well placed to achieve the Project Development Objectives by the closing date, subject to the completion of critical activities.

Risks

Systematic Operations Risk-rating Tool

Risk Category	Rating at Approval	Previous Rating	Current Rating
Political and Governance		Moderate	□Moderate
Macroeconomic		Substantial	High
Sector Strategies and Policies		Moderate	Moderate
Technical Design of Project or Program		Moderate	Moderate
Institutional Capacity for Implementation and Sustainability		Moderate	□Moderate
Fiduciary		Moderate	Moderate
Environment and Social		Substantial	Substantial
Stakeholders		Moderate	Moderate
Other		Substantial	Substantial
Overall		Moderate	Moderate

Results

PDO Indicators by Objectives / Outcomes

Reduce flooding in the catchment of the Colombo water basin						
► Reduction in the area under risk of flooding (50-year return period) in the project area. (Square kilometer(km2), Custom)						
	Baseline	Actual (Previous)	Actual (Current)	End Target		
Value	0.00	2.57	2.57	3.00		
Date	16-Jul-2012	30-Aug-2021	20-Dec-2021	31-Dec-2021		

Comments:

Full achievement of this indicator is dependent on the full completion of Torrington Tunnel, which will be incomplete by closing date. This indicator will only be partially achieved at the project closure.

Strengthen capacity of local authorities

Percentage of total urban roads maintained by PLAs that are in good and fair condition in the 4 PLAs (Percentage, Custom)

	Baseline	Actual (Previous)	Actual (Current)	End Target
Value	50.00	56.00	56.00	70.00
