World Bank review of procurement: The World Bank will prior review (thresholds are based on "Substantial" risk rating, which may be modified if risk rating is changed after assessment by Bank during implementation of the project) the following contracts:

- a) Works (Including turnkey, supply & installation of plant and equipment and PPP): All contracts more than US\$ 10 million equivalent
- b) Goods, Information Technology and non-consulting services : All contracts more than US\$ 2 million equivalent

First contract issued by implementing agency [IA] will be subject to prior review irrespective of their value. In addition, the justifications for all contracts to be issued on the basis of LIB, single-source or direct contracting, will be subject to prior review. The above thresholds are for the initial 18 month implementation period; based on the procurement performance of the project these thresholds may be subsequently modified. **Even for Post Review cases, the inputs of Bank on Technical Specifications will be obtained by project.** The procurement plan will be updated annually (or at any other time if required) and will reflect any change in prior review thresholds. The World Bank will carry out an annual ex-post procurement review of the procurement falling below the prior review thresholds provided above. To avoid any doubts, the Bank may conduct at any time Independent Procurement Reviews (IPRs) of all the contracts financed under the grant.

 Use of DGS&D rate contracts as FA must be reflected on the procurement plan agreed by the Bank for particular goods.

¹ DGS&D rate contracts may be used as framework agreement (FA) provided:

[•] Before issuing the purchasing order, the implementing agency will carry out a price analysis on the specific good that is intended to be purchased. If after this due diligence the implementing agency concludes (and Bank agrees) that the DGS&D rate contracts are more advantageous, DGS&D rate contracts may be used as FA.

To meet the Bank's requirements for right to audit and F&C, these clauses may be included in the Purchase Orders (in case the purchasers are directly placing the purchase orders to DGS&D rate contract holders). On the other hand, if indent is placed through DGS&D, the Purchaser has the option to sign a separate undertaking with DGS&D rate contract holder, where Bank's right to audit and F&C clauses could be mentioned.

- **2. Prequalification**. Bidders for Least Available Depth tender for the first contract and any other contract, as per requirement, shall be prequalified in accordance with the provisions of paragraphs 2.9 and 2.10 of the Guidelines.
- 3. Proposed Procedures for CDD Components (as per paragraph.3.17 of the Guidelines: Not Applicable
- 4. Reference to (if any) Project Operational/Procurement Manual: N/A
- **5. Any Other Special Procurement Arrangements**: Retroactive Financing as per Legal Agreement.
- 6. Procurement Packages with Methods and Time Schedule
