1. PROJECT INFORMATION AND OVERALL PERFORMANCE

1.1 Name and registered office

Name

The project's official name is Kenya Development Response To Displacement Impact Project KDRDIP

Objective

The key objective of the project is to improve access to basic social services, expand economic opportunities and enhance environmental management for communities hosting refugees in the target areas.

Address

The project headquarters offices are Harambee House (City), Nairobi County, Kenya.

The address of its registered office is: P O BOX40213-00100 NAIROBI

The project also has offices/branches as follows:

- Turkana
- Wajir
- Garissa

Contacts: The following are the project contacts

Telephone: (254) (020)2217696 or 2227411

E-mail: info@kdrdip.go.ke

Website: www.kdrdip.go.ke

PROJECT INFORMATION AND OVERALL PERFORMANCE (Continued)

1.2 Project Information

Project Start Date:	The project start date is 01 07 2017
Project End Date:	The project end date is 30 06 2022
Project Manager:	The project manager is Mr Wilfred Omari
Project Sponsor:	The project sponsor is World Bank IDA

1.3 Project Overview

Line Ministry/State Department of the project	The project is under the supervision of the Ministry of Devolution and ASALs
Project number	IDA 6021-KE
Strategic goals of the project	The strategic goal of the project is as follows: Address social, economic and environmental impacts due to the presence of refugees host communities.
Achievement of strategic goals	The project management aims to achieve the goals through the following means: (i)The project promote social cohesion and address Drivers of conflict and (ii)Address the Gender Based Violence (GBV) using an integrated approach.
Other important background information of the project	The project has adopted the Community Driven Development approach for implementation of it's activities in which Community participation in all Phases of the Project cycle is the key feature.

PROJECT INFORMATION AND OVERALL PERFORMANCE (Continued)

1.8 Summary of Overall Project Performance:

- i) Budget performance against actual amounts for current year and for cumulative to-date,
- ii) Physical progress based on outputs, outcomes and impacts since project commencement,
- iii) Comment on value-for-money achievements,
- iv) Indicate the absorption rate for each year since the commencement of the project.
- v) List the implementation challenges and recommended way forward.

1.9 Summary of Project Compliance:

- i) Include significant cases of non-compliance with applicable laws and regulations, and essential external financing agreements/covenants,
- ii) Include consequences suffered on account of non-compliance or likely to be suffered.
- iii) Indicate mitigation measures taken or planned to be taken to alleviate the adverse effects of actual or potential consequences of non-compliance.

2. STATEMENT OF PERFORMANCE AGAINST PROJECT'S PREDETRMINED OBJECTIVES

KDRDIP will ensure that citizens participate and engage in the process of identifying and prioritizing their developmental needs, including expanding socioeconomic infrastructure and livelihood opportunities to improve self-reliance among refugee-hosting communities, improving social cohesion between refugees and host communities, increasing the voices and roles of citizens in decision making regarding development, and eliciting a greater demand for social accountability. The operational approach will be Community-Driven Development (CDD) and will involve (a) supporting grassroots institutions to be more inclusive and representative, and build their capacities; (b) ensuring that the voices of all communities/groups are heard in the decision-making process; (c) strengthening decentralized government administrative functions; and (d) investing in public service delivery and contributing to social cohesion among beneficiary communities.

The key development objectives of the *project's agreement/* plan are to:

- a) Improve access to basic social services
 - b) Expand economic opportunities
 - c) Enhance environmental management for communities hosting refugees in the target areas
- During the FY 2020/2021 the project was allocated kshs. 3.5 billion being the loan and Kshs. 21million grant from DANIDA.

Kshs. 2.99 billion was disbursed to various community investment subprojects and community groups in the five sub counties as follows:

COMPONENT	SUB COUNTY	1 st Half (Kshs.)	2 nd Half (Kshs.)	Total (Kshs.)
COMPONENT 1	TURKANA WEST	262,182,550.00	246,038,250.00	508,220,800.00

Progress on attainment of Strategic development objectives

For purposes of implementing and cascading the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement: Below we provide the progress on attaining the stated objectives:

Project	Objective	Outcome	Indicator	Performance
KDRDIP	The Project Development Objective (PDO) is to improve access to basic social services, expand economic opportunities, and enhance environmental management for communities hosting refugees in the target areas.	Improved access to Social and economic services	No. of water facilities funded towards constructed/rehabilitated	201no. water facilities funded
			No. of health facilities funded for construction/renovation	133no. health facilities funded
			KMs of road constructed	17no. of roads funded
			No. of School facilities funded for construction / renovation	248no. school facilities funded
			No. of sanitation and solid waste facilities constructed	43No. sanitation and solid waste facilities
			No. of market infrastructure facilities constructed	107no. of market infrastructure funded
		Restored/rehabilitated environment and Natural resources	Hectares of land restored and rehabilitated	Various activities funded to rehabilitation of 318 Ha of

KDRDIP Project
Reports and Financial Statements
For the financial year ended June 30, 2021

			land
	Livelihoods improved and communities' resilience strengthened	No. of SHGs	1816 no. livelihood groups funded

Component 1

The 2020/2021 disbursed funds financed 749 community investment sub projects in the projects areas as follows:

Subsector	Wajir South	Turkana	Lagdera	Dadaab	Fafi
Water	39	68	19	57	18
Health	17	55	17	32	12
Roads	2	3	9	2	1
Education	73	80	25	54	16
Sanitation	21	0	4	10	8
Market and Infrastructure	8	57	0	38	4
Total	160	263	74	193	59

Component 2

The component goal is geared towards rehabilitation and restoration of environment and natural resources. To this far funds were released to rehabilitate 318 Ha of land. Further funds were released to improve access to energy sources targeting 2,182 beneficiaries.

Component 3

During the FY 2020/21, 1816 CGs were funded to a tune of Kshs. 908,000,000 million. The funded groups each received Kshs.500,000 and are implementing various livelihood income generating activities which include: - livestock trade, sale of livestock products (meat and milk), retail shops, boutiques, crop production, energy saving jikos, bee keeping, sale of gums/resins, etc.

The breakdown of 2020/21 funded groups per sub county is as follows: -

County	Sub County	Total
Turkana	Turkana West	608
Wajir	Wajir South	398
Garissa	Dadaab	315
	Fafi	297
	Lagdera	198
Total CGs Funded		1816

3. CORPORATE SOCIAL RESPONSIBILITY STATEMENT/SUSTAINABILITY REPORTING

KDRDIP exists to transform lives. This is our purpose; the driving force behind everything we do. It's what guides us to deliver our strategy. Below is a brief highlight of our activities that drive towards sustainability.

1. Sustainability Strategy and Profile

1. Global forced displacement is arguably the defining humanitarian as well as a developmental **challenge of this generation. Extreme poverty is now increasingly concentrated among vulnerable groups including people who had to flee in the face of conflict and violence. Communities hosting** refugees in Garissa, Wajir and Turkana have due to the protracted presence suffered development prospects in areas of environmental degradation, insecurity and poverty.
2. KDRDIP seeks to address regional spill over effect of conflict and forced displacement, through a development response that supports the host communities in overcoming the shocks and impact of refugees competition over the meagre livelihood opportunities and the dwindling natural resources is a driver of latent and potential conflicts between the hosts and the refugees.
3. KDRDIP undertakes the development strategy of improving the resilience of host communities in areas of social service, environment, infrastructure, health and agriculture.

2. Environmental performance

The project on Kenya's Government Development Response to Displacement Impact (KDRDIP) was conceptualized on the basis of addressing the environmental and social impacts of prolonged presence of refugees in the refugee hosting sub-counties of Dadaab, Lagdera, Fafi, Wajir South and Turkana West. The project is implemented through four components, 1, 2 & 3 being technical while 4 is a plays a coordination role.

1. Social and economic
2. Environmental and access to energy
3. Livelihood and
4. Coordination and Management – (Social and environmental safeguards)

Major impacts affected the environment leading to degradation of land and natural resources the backbone of the productive sectors in the target counties. Component two of KDRDIP was incorporated to address environmental restorative interventions through a raft of measures that sought to rehabilitate and maintain the restorative interventions.

Component four ensures minimal negative project impacts on society and the environment through implementing the safeguards requirements.

The rehabilitation efforts focus on natural regeneration and planting indigenous vegetation, trees and grasses to ensure the biodiversity is not lost. The component also seeks to establish community based wildlife conservation developing water and pasture resources where animals benefit.

To date, Ksh 584 million has been disbursed to fund environmental initiatives through afforestation, pasture development, soil and water conservation, natural regeneration, clearing invasive species and supporting flood control measures. A total of 2800 hectares of land are targeted to be put under sustainable land management and over 10,000 individuals to be engaged in the initiatives which will see 60% of the amount budgeted go into labour costs. In addition, over 15 water-plans will be desilted in the next two years and about 10 dumpsites/pits will be constructed for solid waste management.

All the subprojects in the three technical components are subjected to detailed social and environmental safeguards' screening to identify any potentially negative impacts and subsequent mitigation measures are put in place.

3. Employee welfare

KDRDIP Staff both employed and seconded from National government have their welfare through development and implementation of various human resource policies and regulation. The following have been achieved in this area.

- (i) Trained and mentored staff on new skills in various arrear. i.e. Backstopping and training of KDRDIP staff in their technical areas.
- (ii) Provided terms of service and engagement for Project Staff.

(iii) Have operated under established occupation safety and Health Committee in Compliance with OSH...
2007

4. Market place practices-

The organisation should outline its efforts to:

a) Responsible competition practice.

In the KDRDIP Project, procurement of goods, works and services shall be open and transparent. All goods, works and services to be procured or hired should be prominently published at public places in the villages. Where applicable proper specifications and estimated quantities should be indicated.

Every interested supplier should be accorded equal opportunity for supply of goods, works or services and the method of evaluation is uniform and made aware to all stakeholders.

b) Responsible supply chain and supplier relations

KDRDIP has processes that can be monitored, reviewed to ensure contracts entered into are honoured and performed and payment made to suppliers after fulfilment of contractual terms.

c) Responsible marketing and advertisement.

KDRDIP maintains ethical marketing practices as prescribed by marketing society of Kenya, and other laws of Kenya and maintains core values of non-discrimination, integrity, professionalism fairness and corporate social responsibility.

d) Product Stewardship

KDRDIP undertakes responsibility to reducing negative environment impact in the target areas by engaging the targeted community in afforestation recycling and alternative energy sources.

5. Community Engagements

a. Community Development Plans (CDPs) are wish list/needs proposed by the community members through a consultative process. Once the communities are identified, they are mobilized, sensitized and organized into

a. Committees

b. The communities in their first public gathering elects 5 members (man, woman, youth and persons enabled differently) to form the village level committees.

- c. The village level committee with the assistance of a community facilitator identifies and prioritizes community felt needs in a public meeting where all community members are represented.
- d. The felt community needs/wish list are compiled to form the village CDPs.
- e. Then each village elects a man and a woman to form members of a ward level committee whose role is to aggregate village CDPs into consolidated Ward CDP.
- f. The Consolidated Ward CDPs are submitted to sub-county for the Project Implementation support Teams to appraise and aggregate into Sub-county CDPs with the support of CIPIUs and NPIU.
- g. The aggregated Sub county CDPs are submitted to county Technical Committee composed of County Integrated Development Plan (CIDPs) and other sectoral plans for sustainability.
- h. The aggregated CDP are then submitted to County Steering committee (CSC) co-chaired by the County Secretary and County Commissioner, whose other members are County Executive Committee member for finance and economic Planning, UNHCR, County Focal Person and County Project Coordinator as Secretary.
- i. The CSC reviews and approves the CDP
- j. J The CSC receives and approves the CDP
- k. The approved CDP are forwarded to National Project Implementation Unit and World Bank for review and concurrence.
- l. The approved CDP are returned back to village communities for them to initiate the process of preparing Annual Workplans and Budget.
- m. In total 135 village, 29 Ward, 5 Sub county, and 3 County CDPs were prepared and approved at each level.
- n. The annual work plans and budgets are drawn from the approved CDPs.
- o. The preparation of Annual workplans and Budget follow the same steps of development and approval of the CDPs.
- p. Preparation at Village Level, Aggregation at Ward and Sub county levels and eventually appraisal and approval at County level.
- q. The annual work-plans and budgets are finally consolidated at the sub county level and then are submitted for:-
- r. Appraisal by the County Technical Committee (CTC) comprising of technical County directors.

***KDRDIP Project
Reports and Financial Statements
For the financial year ended June 30, 2021***

- s. Approval by the County Steering Committee (CSC) Co-chaired by the County Commissioner and the County Secretary.
- t. The approved consolidated CDPs and Annual Work Plans and budget from each group is consolidated and presented as the final workplan.

4. STATEMENT OF PROJECT MANAGEMENT RESPONSIBILITIES

The **Principal Secretary** for the State Department for the Development of ASALs and the **National Project Coordinator** for **KDRDIP project** are responsible for the preparation and presentation of the Project's financial statements, which give a true and fair view of the state of affairs of the Project for and as at the end of the financial year (period) ended on June 30, 2021.

This responsibility includes (i) Maintaining adequate financial management arrangement and ensuring that these continue to be effective throughout the reporting period; (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the project; (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statement, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the project; (v) Selecting and applying appropriate accounting policies; and (vi) Making accounting estimates that are reasonable in the circumstances.

The **Principal Secretary** for the Ministry of Devolution ASALs and the **National Project Coordinator** for **KDRDIP project** accept responsibility for the Project's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards.

The **Principal Secretary** for the State Department of Asal and the **National Project Coordinator** for **KDRDIP project** are of the opinion that the Project's financial statements give a true and fair view of the state of Project's transactions during the financial year/period ended June 30, 2021, and of the Project's financial position as at that date. The *Principal Secretary* for State of Development of the ASALs and the *National Project Coordinator* for **KDRDIP project** further confirm the completeness of the accounting records maintained for the Project, which have been relied upon in the preparation of the Project financial statements as well as the adequacy of the systems of internal financial control.

KDRDIP Project
Reports and Financial Statements
For the financial year ended June 30, 2021

The *Principal Secretary* for the State Department of Development of the ASALs. and the National *Project Coordinator* for **KDRDIP project** confirm that the Project has complied fully with applicable Government Regulations and the terms of external financing covenants, and that Project funds received during the financial year/period under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Approval of the Project financial statements

The Project financial statements were approved by the Principal Secretary for the State Department for the Development of the ASALs and the National Project Coordinator for **KDRDIP project** on

8th November 2021 and signed by them.

OFFICE OF THE AUDITOR-GENERAL

Enhancing Accountability

HEADQUARTERS
Anniversary Towers
Monrovia Street
P.O. Box 30084-00100
NAIROBI

REPORT OF THE AUDITOR-GENERAL ON KENYA DEVELOPMENT RESPONSE TO DISPLACEMENT IMPACTS PROJECT (IDA CREDIT NO.6021-KE AND NO. TF OA 7762-KE) FOR THE YEAR ENDED 30 JUNE, 2021- STATE DEPARTMENT FOR DEVELOPMENT OF ARID AND SEMI- ARID LANDS (ASALS)

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazetted notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure government achieves value for money and that such funds are applied for intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment, and the internal controls developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal control, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

Report of the Auditor-General on Kenya Development Response to Displacement Impacts Project (IDA Credit No.6021-KE and TF No. OA7762-KE) for the year ended 30 June, 2021- State Department for Development of Arid and Semi-Arid Lands (ASALS)

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Kenya Development Response to Displacement Impacts Project set out on pages 1 to 35, which comprise the statement of financial assets as at 30 June, 2021, and the statement of receipts and payments, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of Kenya Development Response to Displacement Impacts Project as at 30 June, 2021, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Public Finance Management Act, 2012 and comply with the Financing Agreement Credit No.6021-KE dated 29 May, 2017 and Grant No.TF0A7762 dated 30 January, 2019 between the Republic of Kenya and the International Development Association (IDA).

Basis for Qualified Opinion

1. Cash and Cash Equivalents

1.1. Sub-Counties' Projects Bank Accounts

The statement of financial assets as at 30 June, 2021 reflects Kshs.145,125,454 in respect of cash and cash equivalents which excluded Kshs.1,357,901,780 held in various project implementing groups' bank accounts across the five implementing Sub-Counties which were not utilized as at 30 June, 2021 as per their returns and as disclosed below:

Component One Disbursements			
	Disbursement (Kshs.)	Amount Utilized (Kshs.)	Balance as at 30 June, 2021 (Kshs.)
DAADAB	262,846,931	81,020,077	181,826,854
FAFI	219,986,292	56,229,803	163,756,489
LAGDERA	166,527,163	35,170,726	131,356,437
Component Two Disbursements			
	Disbursement (Kshs.)	Amount Utilized (Kshs.)	Balance as at 30 June, 2021 (Kshs.)
DAADAB	148,362,100	7,195,402	141,166,698

Report of the Auditor-General on Kenya Development Response to Displacement Impacts Project (IDA Credit No.6021-KE and TF No. OA7762-KE) for the year ended 30 June, 2021- State Department for Development of Arid and Semi-Arid Lands (ASALs)

FAFI	139,500,000	74,868,000	64,632,000
LAGDERA	100,530,198	2,219,275	98,310,923
Component Three Disbursements			
	Disbursement (Kshs.)	Amount Utilized (Kshs.)	Balance as at 30 June, 2021 (Kshs.)
DAADAB	157,500,000	77,934,651.	79,565,349
LAGDERA	99,000,000	47,460,500	51,539,500
WAJIR SOUTH	364,549,563	0	364,549,563
TURKANA WEST	81,197,966	0	81,197,966
Total	1,740,000,213	382,098,433	1,357,901,780

In the circumstances, the accuracy and completeness of the cash and cash equivalents figure of Kshs.145,125,454 as at 30 June, 2021 could not be confirmed.

1.2 Unpresented Cheques

The statement of financial assets reflects cash and cash equivalents balance of Kshs.145,125,454 and an annexure of unpresented cheques totalling Kshs.887,120,153 for the four bank accounts in three regional stations as analyzed below as at 30 June, 2021;

Account Name	Account Number	Cheque Numbers	Amount Kshs.
Turkana Grant	1273370635	various	6,000,000
Garissa Credit	1238357954	various	801,465,940
Turkana Credit	1238459889	various	75,925,456
CBK account Credit	1000462264	various	3,728,757
Total			887,120,153

However, the following anomalies were noted;

- i. The unpresented cheques for Turkana grant and Garissa credit totalling to Kshs.807,465,940, as attached, were raised in the name of the regions whereby the details of the specific payees or groups were not provided for audit review.
- ii. The dates when the specific cheques were raised during the year under review were also not provided for audit review. It was therefore not possible to establish the identity of stale cheques.

In the circumstances, the propriety and validity of the payment totalling Kshs.807,465,940 for unrepresented cheques and accuracy of cash and cash equivalents totalling Kshs.145,125,454 as at 30 June, 2021 could not be confirmed.

2. Inaccuracy of the Financial Statements

2.1 Statement of Receipts and Payments

The statement of receipts and payments reflects total cumulative receipts to-date of Kshs.4,687,251,535 while the project information and overall performance - source of funds at Note 1.7 to the financial statements shows amount received to-date of Kshs.4,019,788,004 giving an unexplained variance of Kshs.667,463,531.

2.2 Special Account Statement

- i. The special deposit account movement schedule at Note 7(A) to the financial statements reflects A/c No.1000567278 (for Grant No. TF0A7762) and A/c No.1000462264 (for Credit No.6021-KE). The two disclosed account numbers differ with respective special accounts statements Nos.1000411384 and 1000353988 at Appendix 7 to the financial statements. However, no explanation was provided to explain the source of the difference.
- ii. The special account statement annexed to the financial statements reflects donor amounts withdrawn totalling Kshs.3,311,256,594 (USD.30,363,813), while the statement of receipts and payments reflects loan from external development partners of Kshs.3,308,061,239. The difference of Kshs.3,195,355 was not explained or supported.

In the circumstances, the accuracy, validity and completeness of the financial statements could not be confirmed for the year ended 30 June, 2021.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of Kenya Development Response to Displacement Impacts Project in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Emphasis of Matter

Budgetary Control and Performance

The statement of comparison of budget and actuals amount as at 30 June, 2021 reflects total payments final budget of Kshs.3,521,930,282 against actual expenditure amount of Kshs.3,289,030,366, giving a budget utilization of 93%. Further audit review of the expenditures incurred showed there were budget under-absorption on specific items as shown below:

Report of the Auditor-General on Kenya Development Response to Displacement Impacts Project (IDA Credit No.6021-KE and TF No. OA7762-KE) for the year ended 30 June, 2021- State Department for Development of Arid and Semi-Arid Lands (ASALs)

Budget Absorption				
	Current Year Final Budget Kshs.	Actual Expenditure Kshs.	Variance Kshs.	% Absorption of Actual Funds
Audit Components				
Basic Wages	481,886,056	332,277,303	149,608,753	69%
Hospitality, Supplies and Services	35,000,000	19,464,219	15,535,781	56%
Fuel, Oil and Lubricants	25,000,000	15,407,740	9,592,260	62%
Other Operating Expenses	290,500,000	156,828,713	133,671,287	54%
Routine Maintenance. Other Assets	329,000,000	259,701,258	69,298,742	79%
Purchase of Vehicles	30,000,000	24,365,001	5,634,999	81%
Total	1,191,386,056	808,044,234	383,341,822	68%

The overall absorption of 68% on the above listed items means that, the citizens did not get the value for money due to the delayed implementation of projects.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. I have determined that there are no other key audit matters to communicate in my report.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matter described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1. Withholding Tax and Retention Fees

Examination of payment vouchers reveals that withholding tax and retention fees were not deducted from some contractors that were paid a total of Kshs.82,941,270. However, no explanation was provided for failure to deduct Kshs.4,976,476 and Kshs.8,294,127 in respect of withholding tax and retention fees respectively.

Consequently, the Management was in breach of the law

Report of the Auditor-General on Kenya Development Response to Displacement Impacts Project (IDA Credit No.6021-KE and TF No. OA7762-KE) for the year ended 30 June, 2021- State Department for Development of Arid and Semi-Arid Lands (ASALs)

2. Works Procurement Project Files

A review of project files having details of the projects works done showed that the projects' files for works amounting to Kshs.48,545,210 did not have contractor's mandatory requirements at the time of award which includes tax compliance certificates, National Construction Authority (NCA) registration certificates, tender evaluation minutes as required by the Public Procurement and Asset Disposal Act, (2015) Section 68 (2) (d) (iii) which states that the records of a procurement process shall include the proceedings of the opening of tenders, evaluation and comparison of the tender proposals or quotations including the evaluation criteria used as prescribed.

Consequently, the management was in breach of the law.

3. Management of Information System (MIS)

The project management, on behalf of KDRDIP, entered into a contract which agreement on 25 March, 2019 with a consultancy services company to design, develop, install, operationalize and capacity build KDRDIP staff on Management Information System (MIS) at a contract price of Kshs.29,156,005 with a contract expiry date of 30 September, 2021.

The contract's terms of reference contained in Appendix A of the contract which provides in Section 13, under terms of payments, that 50% of the contract amount, being 80% cumulatively, shall be paid against acceptance by the client of all deliverables including among others, a working system and training of users. As at the time of audit in October, 2021, and considering that the 80% of the contract amount of Kshs.29,156,005 had been paid by 30 June, 2020, the system could not provide expected reports and information, especially financial information which continued to be relayed/ provided in manual form.

In this regard, it is not possible to confirm that the value for money was obtained from an expenditure totaling Kshs.29,156,005 paid during the year ended 30 June, 2021.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, except for the matters described in the Basis for Conclusion

Report of the Auditor-General on Kenya Development Response to Displacement Impacts Project (IDA Credit No.6021-KE and TF No. OA7762-KE) for the year ended 30 June, 2021- State Department for Development of Arid and Semi-Arid Lands (ASALs)

on Effectiveness of Internal Controls, Risk Management and Governance section of my report, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

Internal Audit and Audit Committee

The State Department hosting the project does not have an established audit committee and an approved internal audit charter and although the internal audit work plan for the financial year 2020/2021 had been prepared it was not implemented. This is in contravention of the Public finance Management (National Government) Regulations, 2015 Section 160(1) which provides that an internal auditor shall review and evaluate budgetary performance, financial Management, transparency and accountability mechanisms and processes in national government entities towards providing independent assurance that the project's risk management, governance and internal control processes are operating effectively.

In the circumstances, the effectiveness of the internal controls, risk management and overall governance for the project could not be confirmed for the year ended 30 June 2021.

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the financing agreements between IDA- Credit No.6021-KE and DANIDA- Grant No. TF 0A7762-KE, I report based on my audit, that:

- i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;
- ii. In my opinion, adequate accounting records have been kept by the Project Management , so far as it appears from the examination of those records; and,
- iii. The financial statements are in agreement with the accounting records and returns.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards

Report of the Auditor-General on Kenya Development Response to Displacement Impacts Project (IDA Credit No.6021-KE and TF No. 0A7762-KE) for the year ended 30 June, 2021- State Department for Development of Arid and Semi-Arid Lands (ASALs)

(Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and governance.

In preparing the financial statements, Management is responsible for assessing the Project's ability to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the project, or cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Report of the Auditor-General on Kenya Development Response to Displacement Impacts Project (IDA Credit No.6021-KE and TF No. OA7762-KE) for the year ended 30 June, 2021- State Department for Development of Arid and Semi-Arid Lands (ASALs)

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of noncompliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the Kenya Development Response to Displacement Impacts Project policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Project to cease to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Project to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

CPA Nancy Gathungu, CBS
AUDITOR-GENERAL

10. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below:

10.1 Basis of Preparation

10.2 Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of accounting, as prescribed by the PSASB and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions. The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

The accounting policies adopted have been consistently applied to all the years presented.

10.3 Reporting entity

The financial statements are for the Project 30th June 2021 under National Government of Kenya. The financial statements encompass the reporting entity as specified in the relevant legislation PFM Act 2012.

10.3.1 Reporting currency

The financial statements are presented in Kenya Shillings (KShs), which is the functional and reporting currency of the Project and all values are rounded to the nearest Kenya Shilling.

10.4 Significant Accounting Policies

a) Recognition of receipts

The Project recognises all receipts from the various sources when the event occurs, and the related cash has actually been received by the Government.

i) Transfers from the Exchequer

Transfer from Exchequer is be recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

ii) External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

iii) Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

b) Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

Significant Accounting Policies (Continued)

c) Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds, sovereign bonds and external loans acquired by the Project or any other debt the Project may take on will be treated on cash basis and recognized as a receipt during the year they were received.

d) Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for the Project currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. An analysis of the Project's undrawn external assistance is shown in the funding summary

e) Recognition of payments

The Project recognises all payments when the event occurs, and the related cash has actually been paid out by the Project.

i) Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

ii) Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. If not paid for during the period where goods/services are consumed, they shall be disclosed as pending bills.

Significant Accounting Policies (Continued)

iii) Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

iv) Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the consolidated financial statements.

v) Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

f) In-kind donations

In-kind contributions are donations that are made to the Project in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Project includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

Significant Accounting Policies (Continued)

g) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank

account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year. For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

Restriction on cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third part deposits.

h) Accounts receivable

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

Significant Accounting Policies (Continued)

i) Contingent Liabilities

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
 - i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships,

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote. **Annex 5** of this financial statement is a register of the contingent liabilities in the year.

Section 89 (2) (i) of the PFM Act requires the National Government to report on the payments made, or losses incurred, by the county government to meet contingent liabilities as a result of loans during the financial year, including payments made in respect of loan write-offs or waiver of interest on loans

j) Contingent Assets

The Entity does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

Significant Accounting Policies (Continued)

k) Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Project at the end of the year. When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

l) Budget

The budget is developed on a comparable accounting basis (cash basis), the same accounts classification basis (except for accounts receivable - outstanding imprest and clearance accounts and accounts payable - deposits, which are accounted for on an accrual basis), and for the same period as the financial statements. The Project's budget was approved as required by Law and National Treasury Regulations, as well as by the participating development partners, as detailed in the Government of Kenya Budget Printed Estimates for the year. The Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers and are eliminated upon consolidation.

A high-level assessment of the Project's actual performance against the comparable budget for the financial year/period under review has been included in an annex to these financial statements.

m) Third party payments

Included in the receipts and payments, are payments made on its behalf by to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties column in the statement of receipts and payments.

During the year Kshs3,308,061,239.00 billion being loan disbursements were received in form of direct payments from third parties.

Significant Accounting Policies (Continued)

n) Exchange rate differences

The accounting records are maintained in the functional currency of the primary economic environment in which the Project operates, Kenya Shillings. Transactions in foreign currencies during the year/period are converted into the functional currency using the exchange rates prevailing at the dates of the transactions. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statements of receipts and payments.

o) Comparative figures

Where necessary comparative figures for the previous financial year/period have been amended or reconfigured to conform to the required changes in financial statement presentation.

p) Subsequent events

There have been no events subsequent to the financial year/period end with a significant impact on the financial statements for the year ended June 30, 2021.

q) Errors

Material prior period errors shall be corrected retrospectively in the first set of financial statements authorized for issue after their discovery by: i. Restating the comparative amounts for prior period(s) presented in which the error occurred; or ii. If the error occurred before the earliest prior period presented, restating the opening balances of assets, liabilities and net assets/equity for the earliest prior period presented.

11. NOTES TO THE FINANCIAL STATEMENTS

1. PROCEEDS FROM DOMESTIC AND FOREIGN GRANTS

During the 12 months to 30 June 2021 we did not received grants from donors.

Name of Donor	Date received	Amount received in donor currency	Grants received in cash	Grants received as direct payment*	Grants received in kind	Total amount in KShs	
						2020/21	2019/20
			KShs	KShs	KShs	KShs	KShs
Grants Received from Multilateral Donors							
Danida						-	711,726,765
Total						-	711,726,765

* The direct payment grants represent payments for goods and services done directly by the donor on behalf of the project. Projects should ensure that the adequate documents and support document is requested from the donors to support this grant.

NOTES TO THE FINANCIAL STATEMENTS (Continued)

2. LOAN FROM EXTERNAL DEVELOPMENT PARTNERS

During the 12 months to 30 June 2021 we received funding from development partners in form of loans negotiated by the National Treasury donors as detailed in the table below:

Name of Donor	Date received	Amount in loan currency	Loans received in cash	Loans received as direct payment *	Total amount in KShs

10. PROGRESS ON FOLLOW UP OF PRIOR YEAR AUDITOR’S RECOMMENDATIONS

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

Reference No. on the external audit Report	Issue / Observations from Auditor	Management comments	Status: (Resolved / Not Resolved)	Timeframe: (Put a date when you expect the issue to be resolved)

Guidance Notes:

- (i) Use the same reference numbers as contained in the external audit report;
- (ii) Obtain the “Issue/Observation” and “management comments”, required above, from final external audit report that is signed by Management;
- (iii) Before approving the report, discuss the timeframe with the appointed Focal Point persons within your entity responsible for implementation of each issue;
- (iv) Indicate the status of “Resolved” or “Not Resolved” by the date of submitting this report to National Treasury.

Notes

* Purchases/Additions in the year reconciled to the amount in Statement of Receipts and Payments

** The disposal amount to be disclosed in this register is the cost that the asset was acquired at and not the price at which it has been sold. The balance as at the end of the year is the cumulative cost of all assets bought and inherited by the Ministry, Department or Agency. Additions during the year should tie to note 18 on acquisition of assets during the year. Ensure this section is complete covering all the entities assets. Ensure the complete fixed asset register is separately prepared as per circular number 5/2020 and follow up reminder of circular No. 23/2020 of The National Treasury
