<b>7a. Project Development Objectives/Outcomes</b>
<b>Original/Current Project Development Objectives/Outcomes</b>
The proposed project would support Mexico's conditional cash transfer (CCT) program, Oportunidades, which serves slightly more than 5 million poor families. About 70 percent of these families are in rural areas, 16 percent live in semi-urban areas, with the remaining 14 percent in urban areas. The principal Project Development Objectives are: -Increase capacities in health, nutrition and education of poor families through human capital investment by promoting regular health check-ups, improving health status, and raising school enrollment and attendance rates. -Build sustainable connections between Oportunidades and other social programs of the Government of Mexico in order to improve health and education outcomes for Program participants.
