1. The World Bank Group (WBG), in consultation with the Government of Mauritius, has initiated the preparation of a Country Partnership Framework (CPF) for Mauritius for the period FY2022/23 to 2026/27. As part of this process, consultations are undertaken with representatives of Government ministries and agencies, civil society, development partners, private sector, and other stakeholders.

2. The CPF will identify lessons from WBG’s past engagement in the country as well as the key objectives, the indicative WBG program, and the development results through which the WBG intends to support Mauritius’ own vision and national development strategy in its efforts to end extreme poverty and boost shared prosperity in a sustainable manner. For more information, please see contacts below.
