

MADAGASCAR ROAD SECTOR SUSTAINABILITY PROJECT

ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN ESCP

REVISED VERSION

Mai 2022

ENVIRONMENTAL AND SOCIAL COMMITMENT PLAN

1. The Government of Madagascar (the “Recipient”) shall implement the Road Sector Sustainability Project (RSSP) (the “Project”) with the participation of the following Ministries / organizations / entities, including but not limited to: the RSSP PIU within the Madagascar Road Agency (AR) in charge of the implementation of the entire Project; and the Connectivity for rural livelihood improvement project, Project Implementation Unit (or PACT PIU) in charge of the implementation of the CERC Component; JIRAMA (National Company water and electricity provider) and MADARAIL (Northern railways network operator company), according their attributed tasks during the implementation of CERC Component; supported by the Ministry of Public Works (MTP), the Ministry of Transport and Meteorology (MTTM), the Ministry of Economy and Finance (MEF), “Fonds Routier” (FR) and the Project Technical Committee (PTC) including the Presidency and the abovementioned Ministries. The International Development Association (hereinafter “the Association”) has agreed to fund the project. This ESCP supersedes prior versions of the ESCP adopted under the Project.
2. The Recipient will implement material measures and actions so that the Project is implemented in accordance with the Environmental and Social Standards (ESSs). This Environmental and Social Commitment Plan (ESCP) sets out material measures and actions, any specific documents or plans, as well as the timing for each of these.
3. The Recipient will also comply with the provisions of any other E&S documents required under the under the WB Environmental and Social Framework (ESF) and referenced to in this ESCP, such as the Environmental and Social Management Framework (ESMF) to reflect CERC activities, the Resettlement Framework (RF), the Stakeholder Engagement Plan (SEP), the Labor Management Procedures (LMP) and Gender Based Violence Action Plan (GBV), as well as the timelines indicated in those environmental and social (E&S) documents.
4. The Recipient is responsible for compliance with all requirements of the ESCP, even when the implementation of measures and specific action is conducted by the Ministry, entity or unit referred in paragraph 1, above.
5. Implementation of the material measures and actions set out in this ESCP will be monitored and reported to the Association by the Recipient as required by the ESCP and the conditions of the legal agreement, and the Association will monitor and assess the progress and completion of the material measures and actions throughout the implementation of the Project.
6. As agreed between the Association and the Recipient through the Project Technical Committee, this ESCP may be revised from time to time during the implementation of the Project, to reflect adaptive management of Project changes and unforeseen circumstances or in response to assessment of Project performance conducted under the ESCP itself. In such circumstances, the Recipient, through the Project Implementation Unit (PIU) will agree to the changes with the Association and will update the ESCP to reflect such changes. Agreement on changes to the ESCP will be documented through the exchange of letters

signed between the Association and the Recipient. The Recipient will promptly disclose the updated ESCP.

7. Where Project changes, unforeseen circumstances, or Project performance result in changes to the risks and impacts during Project implementation, the Government of Madagascar shall provide additional funds, if needed, to implement actions and measures to address such risks and impacts, which may include but are not limited to: loss of income due to traffic restriction or access to land due to land acquisition during maintenance or rehabilitation of national roads; environmental, health and security impacts; road security; risks of work-related accidents; risk of social conflict; labor influx; Gender-Based Violence (GBV) and Violence against Children, as well as Sexual Exploitation, Abuse and Sexual Harassment (SEA-SH), child labor and forced labor.

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
MONITORING AND REPORTING		
A REGULAR REPORTING		
<p>Prepare and submit to the Association regular monitoring reports on the state of compliance with the actions set out in the ESCP and particularly in relation to the implementation of (i) the environmental, social, health and safety (ESHS) performance of the Project, (ii) the implementation of the Stakeholder Engagement Plan (SEP), (iii) implementation of the Labor Management Procedures (LMP), (iv) the Grievance Mechanism (GM) and (v) the implementation of the GBV Action Plan.</p>	<p>Quarterly reports from the start of the Project <i>beginning six months after the Effective Date</i> and to be maintained throughout the implementation.</p>	<p>Responsible entity</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU, for the CERC <p>Responsible Persons / Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • PACT Project Coordinator, • Project E&S specialists from relevant implementation agencies • Project GBV Specialist from relevant implementation agencies
B INCIDENTS AND ACCIDENTS		
<p>Promptly inform the Association of any incident or accident related to or affecting the Project that has or is likely to have a serious impact on impacted communities, the public, or workers, including, but not limited to, any allegations of gender-based violence and/or sexual exploitation, abuse and harassment (GBV/SEA-HS), project-related work-related accidents or fatalities, worker strikes, and social unrest.</p> <p>Prepare a report on the incident or accident and propose measures to prevent its recurrence in the future. Provide sufficient details about the incident or accident, indicating immediate measures taken or planned to be taken to address it, and any information provided by any contractor or supervising entity, as appropriate.</p>	<p>Notify the Association within 48 hours of becoming aware of the incident or accident.</p> <p>Submit an incident report within a time frame acceptable to the Association, as requested.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • PACT Project Coordinator • Project E&S specialists from relevant implementation agencies • Project GBV specialist from relevant implementation agencies
C CONTRACTORS' MONTHLY REPORTS		

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
<p>Require monthly monitoring reports from contractors and service providers concerning Environmental, Social, Health and Safety (ESHS) and occupational health and safety (OHS) at work as specified in bidding documents and contracts for construction works and services.</p> <p>At the Association's request, submit the monthly monitoring reports to the Association.</p>	<p>Contractor Monthly reports submitted to the Association upon request</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator for the entire Project • PACT Project Coordinator, for the CERC • Project E&S specialists from relevant implementation agencies • Project GBV Specialist from relevant implementation agencies
<p>ESS 1 : ASSESSMENT AND MANAGEMENT OF ENVIRONMENTAL AND SOCIAL RISKS AND IMPACTS</p>		
<p>1.1 ORGANIZATIONAL STRUCTURE</p>		
<p>Establish and maintain a PIU for all project and a specific PIU for CERC Component with qualified staff and resources to manage the environmental and social risks of the Project, including those related to SEA/SH. including an environmental specialist, a social and Stakeholder Engagement specialist, and GBV/SEA-SH specialist. They shall ensure the application of the provisions made in this document and all safeguard documents prepared within the framework of the Project.</p>	<p>The environment specialist, the social specialist, and the GBV/SEA-SH specialist within the RSSP PIU and within PACT PIU are already in place. The organizational structure to support effective environmental and social risk management shall be maintained during the implementation of the Project.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • PACT Project Coordinator, Related responsible from relevant implementation agencies
<p>1.2 ENVIRONMENTAL AND SOCIAL ASSESSMENT</p>		

	MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
	<p>The Project has an Environmental and Social Management Framework (ESMF) that was disclosed on May 26, 2021. The Recipient shall update as necessary the ESMF to include assessment and mitigation measures for CERC activities and to adopt and thereafter implement it in a manner acceptable to the Association.</p>	<p>An updated version of the ESMF (including CERC activities) shall be developed, submitted to the Association for approval and published not later than one (01) month after the date of notice lifting the disbursement condition for Category 2. Any updates to the ESMF (including CERC activities) shall be submitted to the Association for approval prior to implementation. Once approved, the ESMF shall be implemented throughout the implementation of the Project.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • National Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist
<p>1.3</p>	<p>MANAGEMENT TOOLS AND INSTRUMENTS</p> <p>(a) Review and proceed to the environmental and social screening of any proposed civil works in accordance with the Environmental and Social Management Framework (ESMF including CERC) prepared for the Project, and subsequently prepare, consult upon, approve, adopt, disclose and thereafter implement an Environmental and Social Management Plan (ESMP) for activities, including for CERC activities, in a manner acceptable to the Association.</p>	<p>The ESMPs shall be submitted to the Association for approval prior to the launch of the tender procedure for the relevant activities, including for CERC activities. Approved ESMPs shall be executed throughout Project implementation.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist
	<p>(b) During the implementation of the Project (including the CERC activities), carry out the specific environmental and social assessments required for each proposed sub-project (Screening, specific management plans, environmental and social impact assessments, etc...)</p>	<p>The specific environmental and social assessments required shall be completed prior the execution of the various civil works including for the CERC activities. Any identified risk management plans shall be prepared and implemented prior to the start of the civil works by the Contractor</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
(c) Update the Manual of Procedures for the Project including a section “related to Environment and Social Safeguards” and that refers to the CERC activities.	No later than 1 month after the date of notice lifting the disbursement condition for Category 2	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist
1.4 MANAGEMENT OF CONTRACTORS		
(a) Incorporate relevant aspects of the ESCP, including relevant environmental and social documents, SEA/SH prevention and response requirements and labor management procedures into the Environmental, Social, Health and Safety (ESHS) specifications of the bidding documents provided to contractors. Then ensure that contractors comply with the ESHS specifications in their respective contracts, including for CERC activities.	During the preparation of ToR and procurement documents. Supervise contractors throughout the execution of the Project (including the CERC activities).	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist
(b) Develop, submit for approval and implement of the following procedures applicable to contractors, subcontractors and the engineer: C-ESMPs prepared by the Contractor company, Hygiene – Health – Safety and Environment Plan (HSE Plan), Environmental and social clauses, Codes of conduct, Grievance Resolution Mechanism, Social commitments on child labor and other elements provided in the GBV/SEA-SH Action Plan.	Prior to the start of the civil works by the Contractor. Once C-ESMPs approved, the instruments shall be implemented throughout Project implementation. Supervise main contractors, suppliers and their sub-contractors throughout Project implementation.”	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractor <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
<p>1.5 CONTINGENT EMERGENCY RESPONSE In the event of an emergency which leads to activation of the Contingent Emergency Response of the Project: a) Ensure that the CERC Manual as specified the legal agreement includes a description of the ESHS assessment and management arrangements as developed into ESMF, in accordance with the ESSs. b) Adopt any environmental and social (E&S) instruments which may be required for activities under CERC component as described into ESMF, of the Project, in accordance with the CERC Manual and the ESMF (with consideration of CERC activities) and the ESSs, and thereafter implement the measures and actions required under said E&S instruments, within the timeframes specified in said E&S instruments.</p>	<p>a) The adoption of the CERC manual and updated ESMF to account for CERC activities, as relevant in form and substance acceptable to the Association is a withdrawal condition for the CERC Component. b) Adopt any required E&S instrument and include it as part of the respective bidding process, if applicable, and in any case, before the carrying out of the relevant Project activities for which the E&S instrument is required. Implement the E&S instruments in accordance with their terms, throughout Project’s CERC implementation.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractor <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist
ESS 2: LABOR AND WORKING CONDITIONS		
2.1 LABOR MANAGEMENT PROCEDURES		
<p>(a) The Labor Management Procedures (LMP) of the Project has been disclosed on October 21, 2021, including, inter alia, provisions on working conditions, management of workers relationships, occupational health and safety (including personal protective equipment, and emergency preparedness and response), code of conduct (including relating to SEA and SH), forced labor, child labor, grievance arrangements for Project workers, and applicable requirements for contractors, subcontractors, and supervising firms. Update as necessary and adopt, and thereafter implement the LMP in a manner acceptable to the Association.</p>	<p>Updated LMP to account for CERC activities shall be finalized not later than one (01) month after the date of notice lifting the disbursement condition for Category 2 and prior to the implementation of the CERC Component. Once approved, it will be applied throughout the implementation period of the Project. Any subsequent updates to the LMP will be submitted to the Association for approval before implementation. Once approved, the LMP is to be implemented throughout Project implementation.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractors <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
<p>(b) Ensure the signing of contracts, including the Codes of Conduct, with all Project Workers (Direct workers, contracted workers, primary supply workers, etc) in accordance with the LMP guidelines.</p>	<p>Prior to engaging any Project workers</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractors and subcontractors <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist • Contractor and Subcontractors EHS Officers
<p>(c) Ensure the signing of contracts and Codes of Conduct by contractors, in accordance with LMP guidelines.</p>	<p>Prior to engaging any Contractors workers.</p>	<p>Responsible Entities:</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractors and subcontractors <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • Project GBV Specialist • Company and subcontractors EHS Officers
<p>2.2 GRIEVANCE MECHANISM FOR PROJECT WORKERS</p>		

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
<p>Establish, operationalize and maintain a Grievance Mechanism (GM) for matters related to work or employment under the Project, as described in the LMP and in accordance with ESS 2, for the PIUs contractors and subcontractors.</p>	<p>Grievance mechanism shall be operational prior to the recruitment of any Project workers and to be maintained and implemented throughout the project implementation period</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractor and sub-contractors <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV Specialist • Contractor and sub-contractor EHS Officers
<p>2.3 OCCUPATIONAL HEALTH AND SAFETY (OHS) MEASURES</p>		
<p>(a) As necessary, integrate appropriate Occupational Health and Safety (OHS) measures into the Project Operations Manual, and in all contracts signed with contractors and other service providers, including those signed by workers in the Project Implementation Unit.</p> <p>(b) Develop measures for the management of risks associated with securing construction sites.</p> <p>(c) Develop/update the section on emergency response management in the Project Operations Manual, and ensure that Project contractors and/or subcontractors prepare and implement an Emergency Preparedness and Response Plan</p>	<p>Subsequent versions of the Project Operations Manual (including the version that governs CERC component) shall be submitted to the Association for approval prior to implementation. Once approved, the Manual is to be implemented throughout the implementation period of the Project.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractor and sub-contractors <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • Project GBV Specialist • Contractors and sub-contractors EHS Officers • Firms in charge of supervision

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
<p>(d) Develop, adopt and implement specific provisions relating to health measures regarding Covid -19 for Project workers, and include these measures in the ESMPs and other applications of the ESMF, in a satisfactory manner to the Association.</p>	<p>At the start of activities and throughout the period of implementation of the Project.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractor and sub-contractors <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • Project GBV Specialist • Contractors and sub-contractors EHS Officers • Firms in charge of supervision
ESS 3: RESOURCE EFFICIENCY AND POLLUTION PREVENTION AND MANAGEMENT		
3.1 RATIONAL MANAGEMENT OF NATURAL RESOURCES		
<p>Prepare, consult upon, clear, adopt, disclose, and thereafter implement specific ESMPs incorporating specific measures for the rational management of natural resources (including water resources), in accordance with the measures described in the ESMF. as well as management of pollution for the entire Project.</p>	<p>Same timeline as the preparation, clearance, disclosure and implementation of ESMPs</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractors <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist • Company and subcontractors EHS Officers • Firm in charge of Supervision
3.2 WASTE AND HAZARDOUS MANAGEMENT PLAN		

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
<p>Take appropriate mitigation measures to minimize the impact of the Project on the environment and natural resources in accordance with ESS 3, such as the implementation of a Waste Management Plan for civil works (used parts, soiled rags, other), hazardous waste (used lubricants, paints, solvents, empty container, etc) and any other waste that could potentially harm the environment and local population (used facial mask)</p>	<p>Prior to the start of the civil works</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractors <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • Contractors and subcontractors HSE Officers • Firm in charge of Supervision
<p>3.3 POLLUTION PREVENTION AND MANAGEMENT</p>		
<p>Prepare, consult upon, clear, adopt and thereafter implement specific ESMPs incorporating specific pollution prevention and management measures in accordance with the measures described in the ESMF for activities with a high pollution risk. All ESMPs shall be approved by the Association and disseminated at the national level and on the Association's website.</p>	<p>As soon as the environmental and social assessment of an activity identifies a significant pollution risk.</p> <p>Clearance of the ESMPs shall be a prerequisite for the start of all civil works.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Contractors <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • Contractors and subcontractors EHS Officers • Firm in charge of Supervision
<p>ESS 4: COMMUNITY HEALTH AND SAFETY</p>		
<p>4.1 TRAFFIC AND ROAD SAFETY</p>		

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
<p>Prepare, disclose, consult upon, adopt and thereafter implement measures and actions to assess and manage the risks associated with machine and truck traffic during national road maintenance/rehabilitation works and include these measures in the ESMPs to be developed and applied in a manner satisfactory to the Association.</p>	<p>Prior to the start of the civil works by the Contractor. Once approved, the instruments shall be implemented throughout Project implementation.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Construction contractors • Control / supervision contractor <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • Contractors and subcontractors EHS Officers • Firm in charge of Supervision
<p>4.2 COMMUNITY HEALTH AND SAFETY</p>		
<p>(a) Develop, adopt, and implement measures and actions to assess and manage the potential risks and impacts of Project activities on local populations including Project worker behavior, labor influx, risks of Sexual Abuse and Exploitation and Sexual Harassment (SAE/SH), risks related to staff safety and responses to emergency situations, and include these measures in the ESMPs to be developed under the ESMF, in a manner satisfactory to the Association.</p>	<p>At the start of activities and throughout the implementation of the Project.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Construction contractors • Control / supervision contractor <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist • Contractors and subcontractors EHS Officers • Firm in charge of Supervision

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
(b) Develop, adopt, and implement specific provisions for pandemic health measures such as Covid-19 for local populations regarding Project labor influx, in compliance with the World Bank Group's Environment, Health, and Safety Guidelines, and include these measures in the ESMPs to be developed and implemented in a satisfactory manner	To be prepared before the start of activities and compliance monitored throughout the implementation of the Project as long as risk of Covid-19 persists.	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Construction contractors • Control / supervision contractor <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist • Contractors and subcontractors EHS Officers • Firm in charge of Supervision
4.3 GENDER-BASED VIOLENCE, EXPLOITATION AND SEXUAL ABUSE RISKS		
(a) The project has developed a GBV/SEA-SH Action Plan for the entire project as part as the ESMF. Adopt and implement the GBV/SEA-SH Action Plan in accordance with Bank guidelines and national legislation on GBV. The current GBV/SEA-SH Action Plan will operate according to the approved CERC-ESMF.	(a) GBV/SEA-SH Action Plan to be implemented and maintained throughout the implementation of the project. Any updates to the GBV/SEA-SH Action Plan shall be submitted to the Association for approval prior to implementation. Once approved, the GBV/SEA-SH Action Plan shall be implemented throughout the project (including CERC) implementation.	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Construction contractor • Control / supervision contractor <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • National Project Coordinator • Project E&S specialists from relevant implementation agencies • GBV specialist • Contractors and subcontractors Officers • Firm in charge of supervision
(b) Ensure that all contractual and procurement documents (ToR, bidding documents, workers' contracts) include the Codes of Conduct and provisions for the prevention and fight against GBV/SEA-SH.	(b) Before the preparation of the procurement documents	
(c) Ensure the implementation of adequate support for project-related GBV/SEA-SH survivors in line with WB and national requirements ,and international good practices	(c) GBV/SEA-SH system support shall be in place prior the installation of any firm in the sub-project area.	
ESS 5: LAND ACQUISITION, RESTRICTIONS ON LAND USE AND INVOLUNTARY RESETTLEMENT		
5.1 RESETTLEMENT POLICY FRAMEWORK		

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
<p>Adopt, and thereafter implement a Resettlement Framework (RF) in accordance with the provisions of ESS 5, and in a manner acceptable to the Association.</p>	<p>The RF for the project was disclosed on October 20, 2021. It shall be applied and maintained throughout the implementation of the Project.</p> <p>Any subsequent proposed updates to the RF, shall be submitted to the Association for validation before implementation. Once approved, the updated RF is to be implemented throughout Project implementation.</p>	<p>Responsible entity: RSSP Project Implementation Unit</p> <p>Responsible Persons / Authorities:</p> <ul style="list-style-type: none"> • RSSP National Project Coordinator • RSSP Project E&S safeguard specialists • Resettlement officer
<p>5.2 RESETTLEMENT PLANS</p>		
<p>(a) Prepare, consult upon, clear, adopt, disclose, and thereafter implement Resettlement Plans (RP) as required, in accordance with the requirements of the Resettlement Framework (RF), itself established in accordance with applicable national provisions and the provisions of ESS 5, in a manner acceptable to the Association</p>	<p>(a) Once the preliminary environmental and social screening of any subproject indicates the need for land acquisition or the disruption of an income source.</p> <p>All updated RPs shall be approved by the Association and disclosed locally on both the Association and Project websites. The implementation of the RPs and completion of any land acquisition shall be a prerequisite for the start of all works.</p>	<p>Responsible entity: RSSP PIU</p> <p>Responsible Persons / Authorities:</p> <ul style="list-style-type: none"> • RSSP National Coordinator • RSSP Project E&S safeguard specialists • Resettlement Officer
<p>(b) Develop separate monitoring reports on the implementation of any RPs. These reports shall be submitted to the Association for approval before the start of the works.</p>	<p>(b) Reports shall be sent to the Association before the closing of the considered RP</p>	<p>Responsible entity: Project Implementation Unit</p> <p>Responsible Persons / Authorities:</p> <ul style="list-style-type: none"> • National Project Coordinator • Project E&S safeguard specialists • Resettlement Officer
<p>5.3 GRIEVANCE MECHANISM</p>		

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
<p>A project Grievance Mechanism (GM) has been developed for the project, as described in the ESMF/RF/SEP. The recipient must ensure that this GM is adapted to the scope, cultural preferences, and location of any resettlement activities. If the Project GM cannot be adapted to the needs of a resettlement activity, a dedicated GM for the resettlement activity will be developed</p>	<p>Prior to commencement of resettlement activities and before the start of civil works.</p>	<p>Responsible entity: Project Implementation Unit</p> <p>Responsible Persons / Authorities:</p> <ul style="list-style-type: none"> • Project E&S safeguard specialists • National Project Coordinator
<p>ESS 6: BIODIVERSITY CONSERVATION AND SUSTAINABLE MANAGEMENT OF LIVING NATURAL RESOURCES</p>		
<p>6.1 RISKS AND IMPACTS ON NATURAL OR CRITICAL HABITATS</p>		
<p>Prepare, consult upon, clear, adopt and disclose, specific ESMPs in accordance with the measures described in the ESMF for substantial risk activities to avoid and/or minimize potential impacts from Project activities that will be conducted in the vicinity of these habitat types. These ESMPs shall be developed in accordance with the provisions of ESS 6, in a manner acceptable to the Association.</p>	<p>Submit for the Association's prior approval prior to civil works in or near the site that may affect natural or critical habitats.</p> <p>Once validated, the ESMP shall be implemented throughout Project implementation.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Construction contractors • Control / supervision contractor <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • Contractors and subcontractors EHS Officers • Firm in charge of Supervision
<p>6.2 BIODIVERSITY RISKS AND IMPACTS</p>		
<p>Prepare, consult upon, clear, adopt and disclose, specific ESMPs in accordance with the measures described in the ESMF for Substantial Risk Subprojects, to avoid and/or minimize potential impacts of Project activities, including CERC activities, on endemic and threatened biodiversity (including wildlife). These ESMPs shall be developed in accordance with the provisions of ESS 6, in a manner acceptable to the Association.</p>	<p>Submit for the Association's prior approval prior to civil works, including those related to CERC activities, in or near the site that may affect biodiversity. Once approved, the ESMP thus established will be applied throughout the implementation of the project activity.</p>	<p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Construction contractors • Control / supervision contractor <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • Contractors and subcontractors EHS Officers • Firm in charge of Supervision

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
ESS 7: INDIGENOUS PERSONSS / TRADITIONAL LOCAL COMMUNITIES OF HISTORICALLY DISADVANTAGED SUB-SAHARAN AFRICA		
NOT RELEVANT		
ESS 8: CULTURAL HERITAGE		
8.1 CULTURAL HERITAGE RISKS AND IMPACTS		
	Adopt and implement, if necessary, a Cultural Heritage Management Plan, , in accordance with the guidelines of ESIA's prepared for the Project to avoid and/or mitigate the potential impacts on cultural heritage of the concerned areas, and consistent with ESS8.	<p>Document to be developed not later than 10 months after the Effective date of the project and to be approved by the local population before the Association's clearance.</p> <p>Responsible entities: RSSP Project Implementation Unit</p> <p>Responsible Persons / Authorities:</p> <ul style="list-style-type: none"> • National Project Coordinator • RSSP Project E&S safeguard specialists
8.2 CHANCE FIND PROCEDURE		
	<p>(a) Describe and apply the “chance-find” procedures in the ESMF throughout the duration of project activities in accordance with ESS8 and national legislation.</p> <p>(b) Ensure that “chance-find” clauses, as defined in the project ESMF, are included in all works contracts, even in cases where the probability of discovery is low.</p>	<p>Prior to the start of maintenance / rehabilitation activities.</p> <p>Procedures applicable throughout the implementation of the work, including CERC activities, and continuously until the end of project.</p> <p>Responsible Entities</p> <ul style="list-style-type: none"> • RSSP PIU for the entire Project and • PACT PIU for the CERC • Construction contractors • Control / supervision contractor <p>Persons/Responsible Authorities:</p> <ul style="list-style-type: none"> • RSSP Project Coordinator • Project E&S specialists from relevant implementation agencies • Contractors and subcontractors EHS Officers • Firm in charge of Supervision
ESS 9: FINANCIAL INTERMEDIARIES		
NOT RELEVANT		
ESS 10: STAKEHOLDER ENGAGEMENT AND INFORMATION DISCLOSURE		
10.1 STAKEHOLDER ENGAGEMENT PLAN (SEP) PREPARATION AND IMPLEMENTATION		

MATERIAL MEASURES AND ACTIONS	TIMEFRAME	RESPONSIBLE ENTITIES / AUTHORITIES
