* Latest value shows the latest available country value for the indicator. Color coding of the latest country value represents a more than 10 percent change upward or downward from the country's baseline value from 10 years (+/- 2 years) prior to latest value. No coloring applied whenever there is no data for baseline or when latest available value is prior to 2020.
 * Since July 1, 2025, Afghanistan and Pakistan are classified as part of the Middle East and North Africa region, moving them from South Asia.

Account ownership unlocks access to financial products

Women have lower account ownership | Adults with an account (%)

Women in the labor force are more likely to have an account

56% of women who are in the labor force have a bank account, but only **25%** of women out of the labor force have a bank account

* No country data available, therefore regional data is presented.
