BOARD OF GOVERNORS

Resolution No. 39

Per Jacobsson

The Boards of Governors wish to record their sense of the profound loss suffered by the international financial community as a consequence of the death, on May 5, 1963, of Per Jacobsson, the former Managing Director of the International Monetary Fund. For over forty years, he served the world selflessly and wholeheartedly with all of his great resources of intellectual strength, courage, enthusiasm and statesmanship. Under his leadership the Fund became better equipped than ever to realize the great ideals for which it was formed. His friendship, humanity and charm enriched the lives and experience of all who came in contact with him. He will be remembered with admiration and affection by all who knew him.
