Project information: Mongolia Export Development Project (P147438)

Project Implementation agency: Agricultural Reinsurance Joint Stock Company (AgRe)

Date of the Procurement Plan: March 07, 2017

Period covered by this Procurement Plan: March 01, 2017 - March 01, 2018

1. Preamble

In accordance with paragraph 5.9 of the “World Bank Procurement Regulations for IPF Borrowers” (July 2016) (“Procurement Regulations”) the Bank’s Systematic Tracking and Exchanges in Procurement (STEP) system will be used to prepare, clear and update Procurement Plans and conduct all procurement transactions for the Project.

This textual part along with the Procurement Plan tables in STEP constitute the Procurement Plan for the Project. The following conditions apply to all procurement activities in the Procurement Plan. The other elements of the Procurement Plan as required under paragraph 4.4 of the Procurement Regulations are set forth in STEP.

2. The Bank’s Standard Procurement Documents: shall be used for all contracts subject to international competitive procurement and those contracts as specified in the Procurement Plan tables in STEP.

3. National Procurement Arrangements: In accordance with paragraph 5.3 of the Procurement Regulations, when approaching the national market (as specified in the Procurement Plan tables in STEP), the country’s own procurement procedures may be used.

3.1 National Open Competitive Procurement

When the Borrower uses its own national open competitive procurement arrangements as set forth in Chapter Two of the Public Procurement Law of Mongolia enacted on December 1, 2005, as amended several times with the latest amendment on February 9, 2017, such arrangements shall be subject to paragraph 5.4 of the Procurement Regulations and the following conditions.

(a) Participation in Bidding and Preferences

- (i) Government-owned enterprises in Mongolia shall be eligible to participate in bidding only if they can establish that they are legally and financially autonomous, operate under commercial law, and are not a dependent of the agency contracting them.
- (ii) A bidder declared ineligible by the World Bank, based on a determination by the World Bank that the bidder has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for or in executing a World Bank-financed contract, shall be ineligible to participate and be awarded a World Bank-financed contract during the period determined by the World Bank.
- (iii) A firm which has been engaged by the Borrower to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works resulting from or directly related to the firm's consulting services for such preparation or implementation. This provision does not apply to the various firms which together are performing the contractor's obligations under a turnkey or design and build contract.
- (iv) Interested foreign bidders from eligible countries shall be allowed to participate without being required to associate or form joint ventures with local bidders. Foreign bidders shall be eligible to participate in bidding under the same conditions as local bidders. Mongolian bidders and goods of Mongolian origin shall be given no preference over foreign bidders, either in the bidding process or in the evaluation of bids.
- (v) Prior registration shall not be a requirement for any bidder to participate in bidding.

(b) Request for Bids / Request for Proposals Documents

- (i) The request for bids/request for proposals documents shall be acceptable to the World Bank
- (ii) The request for bids / request for proposals documents and the signed contract shall include the clauses related to World Bank's Policy in regard to corrupt and fraudulent practices.
- (iii) In the case of contracts of more than eighteen (18) months' duration, the bidding documents and the resultant contract shall provide for price adjustment, based on a formula acceptable to the World

Bank, which shall be disclosed to the bidders in the bidding documents.

- (v) There shall be no post-bidding negotiations with the lowest evaluated bidder or any other bidder. No bidder shall be required, as a condition for the award of contract, to change his bid price or otherwise materially alter his bid after it has been submitted.

(c) Assessment of Bidder's Qualification

Qualification criteria shall be clearly specified in the bidding documents, and only criteria so specified, shall be used to determine whether a bidder is qualified. The evaluation of the bidder's qualifications shall be conducted separately from the technical and commercial evaluation of the bid. When post qualification is applied, the assessment of bidder's qualifications shall be carried out only after the preliminary and detailed evaluation of bids has been completed by the Recipient and, in doing so, the qualifications of the bidder who has submitted the lowest evaluated substantially responsive bid or most advantageous bid shall be assessed first. The evaluation of a bidder's qualifications shall only take into account the bidder's capacity and resources to perform the contract, specifically its experience and past performance on similar contracts, capabilities with respect to personnel, equipment and construction or manufacturing facilities and financial capacity. In carrying out the post-qualification assessment, the Recipient shall exercise reasonable judgment in requesting, in writing, from a bidder only missing factual or historical supporting information related to the bidder's qualifications and shall provide a reasonable time period (that is, a minimum of seven days) to the bidder to provide his response. No bidders shall be disqualified on the ground that the bidder has tax debt.

3.2 Other National Procurement Arrangements

When other national procurement arrangements other than national open competitive procurement arrangements are applied by the Borrower, such arrangements shall be subject to paragraph 5.5 of the Procurement Regulations. The request for bids / request for proposals / request for quotations documents should be acceptable to the Bank and jointly with the signed contract shall include the clauses related to World Bank's Policy in regard to corrupt and fraudulent practices. The request for bids / request for proposals / request for quotations documents and the signed contract shall also include the clauses allowing the World Bank to inspect the site and/or all

accounts and records relating to the performance of the contract and the submission of the bid or proposal, and to have such accounts and records audited. The standard text is attached hereafter.
