

Karnataka

Social Inclusion

Karnataka displays uneven progress across social groups. Scheduled Tribes and Scheduled Castes in particular have very high levels of poverty. In addition, they lag behind in schooling and access to salaried jobs. Moreover, open defecation among the Scheduled Tribes and Scheduled Castes in Karnataka is higher than the national average. They also stand out for having poor access to drinking water in their homes.

Higher poverty among Scheduled Castes and Scheduled Tribes in Karnataka

Households by Social Group, 2012 (%)		
	All India	Karnataka
Scheduled Tribe	9	5
Scheduled Caste	19	16
Other Backward Caste	43	52
General	29	26
