## EXECUTIVE SUMMARY

The Karnataka State Highways Improvement Project (KSHIP) – II covers a length of 826.7 kms. The roads have been categorised into two types of contracts EPC and Annuity. It consists of 269.4 kms of EPC roads consisting of 5 packages and 557.3 kms of roads under annuity contract consisting of 4 packages. Contract package WAP 2, is an Annuity package which covers 108 kms consisting of 4 links. The details are given in Table 1.1 This Resettlement Implementation Plan covers the implementation requirements for Package WAP 2.

In this package about 77 acres 17  $\frac{3}{4}$  guntas land has to be acquired, of this about 76 acre 06  $\frac{3}{4}$  guntas is dry land and 02 guntas plantation and 1 acre 09 guntas is kharab land. As a result of land acquisition and related impacts 681 PAFs will lose part of their land; and another 298 PAFs lose their house hold/commercial/ assets /livelihood . In addition, 156 community assets will also be affected. Out of these impacts, 232 PAFs are in the major impact category losing their houses/shop and livelihood and 753 PAFs in the minor category who loses only part of their land or assets and the remaining land and assets is sufficient to continue their shelter and livelihoods.

A baseline survey was conducted amongst the affected people which indicated that a large majority of them are Hindus(77.72 percent), followed by Jains at 6.35 percent and Muslims at 3.81 percent. Distribution of PAFs by occupation indicates that 77.35 percent are in agriculture; agricultural labourers account for 5.58 percent; commerce and trade supports 11.16 percent. In this package 69.17 percent of population has income less than Rs.26,000. 61.9 percent of the population falls within the age group of 18-60, which happens to be the working age group. In this package illiterate population accounts for 24.07 percent; those with primary education account for 11.19 percent and those with secondary education account for 18.12 percent.

Public consultations were held at 4 important locations in this package in November 2008 and November 2007 and 256 persons participated in these consultations. The consultations focused on mainly in explaining the entitlements under the R&R Policy and measures taken to minimize the impacts and receive the suggestions from participants. The consultations have helped in not only in disseminating the policy provisions to deal with land acquisition related impacts, but also assisted in gathering suggestions for mitigation of adverse impacts, improvements in designs and facilitating inputs for resettlements plan preparation and implementation. During Consultations, a number of issues have been raised. One of the main issues is the shifting of water pipelines in this package. This issue is under the process of being resolved by the PIU; in another instance people have asked for over-bridges in all sensitive areas, however such requests would have been considered if technically feasible; another issue of temples being affected has been addressed by relocation if it is not possible to retain the temple; other cases where people said that the affected house/land is under litigation and wanted to know how the project would deal with it, such cases will be dealt on a case to case basis during implementation; other issues raised were people wanted to know about the entitlements. Besides this, safety concerns have been addressed by building footpaths in built up area, providing footpath barricades, school/village signages, rumble strips and road humps.

The key potential issue is the shifting of the pipelines, which is being resolved by the PIU. Besides there are realignments proposed to minimize impact, such as in Belagalli village. There are 6

cross section options adopted in this package to minimize impacts, the COI width varies from 11 m to 26 m.

The GOK has adopted the Resettlement and Rehabilitation (R&R) Policy for KSHIP- II consistent with NRRP, 2007 and World Bank Policy on Involuntary Resettlement to address adverse impacts arising out of this project. Land Acquisition will be done through the Karnataka Highways Act 1964. Land acquisition under this Act will help the PAPs to receive the market price/replacement cost of land as compensation is negotiated through negotiations. Negotiation Committee has been constituted to negotiate the price of land with the landlord. The minimum negotiated price will be twice the current guidance value for Bagalkot and Belgaum districts.

Some of the entitlements include payment of compensation through negotiation according to the Karnataka Highways Act, 1964; additional compensation for those becoming marginal farmers; grant for replacement of cattle shed; alternative house or developed plot +construction cost for those losing house; additional 25% compensation for partially affected structures towards reconstruction; support for purchase of income generating assets; rental allowance for affected tenants; and support for non-title holders to provide alternative houses or developed plot; construction cost; support for providing alternate shop or income generating asset to those who are losing commercial structures; employees losing livelihood will be given a onetime payment; vulnerable groups including physically challenged and those above 60 years will be assisted to get Government pension, if they are eligible or given a lump sum amount as assistance; and all community assets will be replaced and reconstructed.

This RIP will be implemented by Karnataka PWD-PIU Social Development Resettlement Cell with support from the NGO - BIRDS (Bijapur Integrated Rural Development Society). The SDRC is responsible for monitoring the implementation of all resettlement and rehabilitation activities, including land acquisition. The Special Deputy Commissioner, Land Acquisition, will be responsible for land acquisition activities while the Chief Administrative Officer will be responsible for all Resettlement and Rehabilitation works. A Grievance Redressal Cell with 3 members is constituted with Deputy Commissioner of the District as the Chairman. An independent agency viz., Samaj Vikas has been hired for Monitoring and Evaluation support. The SDRC, PIU will facilitate land acquisition and compensation, relocation and resettlement, distribution of assistance for the PAPs. WAP 2 will be implemented by KHSIP Division, Belgaum. The SDO and SWIs appointed for the Belgaum division will take care of R&R activities of this package.

The civil works for this package is likely to commence in December 2012. The R&R and land acquisition is targeted to be completed by August 2012. Implementation activities include land acquisition process, relocation and rehabilitation and monitoring. The budget estimated for land acquisition and R&R activities for this package is Rs.13.41 Crores which forms a part of the overall budget approved by the GoK. All cash allowances to be paid to the PAPs is adjusted for inflation for 2012-13 and those who receive the assistance beyond April 2013 will further be adjusted by 10% as needed.

This RIP will be disclosed through public consultations, Government of Karnataka/PWD Website. In addition, copies will be kept in: (i) State Government Library at Bangalore; (ii) - District library of Belgaum and Bagalkot districts; and (iii) in the Panchayat offices along the project roads.

## I INTRODUCTION

1. The Karnataka State Highways Improvement Project (KSHIP) – II Phase-I covers a length of 826.7 kms. In this connection a detailed Resettlement Action plan has been prepared in consultation with the affected persons, PIU and other stakeholders. This document includes, among other things, legal frame work and Resettlement Policy Provisions, Land acquisition and compensation payment, Social impact assessment and base line Socio-Economic characteristic and the implementation arrangement. The Government approved the Resettlement Action plan vide its order dated 28<sup>th</sup> July 2010. This has been published in the PWD web sites in the month of August 2010. This Resettlement Implementation Plan outlines the steps for resettlement and rehabilitation of PAFs/PAPs losing their land and structures and relocation of community assets for WAP 2.
2. Contract package WAP 2 covers 108 kms consisting of 4 links. The details about the package are given in Table 1.1. In the Annexure, the lists of those losing structures are provided, which are enumerated in 2007-08 and verified by NGO in 2011. Details of those losing land are given in the Notifications issued under Section 15 of the KHA. The list of vulnerable people will be subsequently prepared and assistance extended as needed. Any additional people moved into the ROW after the cut-off date and are not served notices subsequently will be identified through additional verification by 31<sup>st</sup> July 2012. The question of extending assistance to them will be examined on case to case basis. In case of those who are mobile type of shop will not be provided any assistance since, they keep on changing on regular basis and they can easily find another alternative place to continue their petty business provided after verification.

**Table 1- 1: Package Details**

| Link | Description                       | Length | Districts            | Taluks                       | Cutoff date |
|------|-----------------------------------|--------|----------------------|------------------------------|-------------|

| 19D  | Chikodi - (NH-4 cross)<br>Nippani | 28.01  | Belgaum              | Chikkodi                     | 06.12.2007  |

3. WAP 2 falls within the Northern Karnataka Plateau. Northern Karnataka Plateau comprises of the districts of Belgaum and Bagalkot. It is largely composed of Deccan Trap. It represents & monotonous treeless extensive plateau landscape with a general elevation of 300 to 600 meters from the mean sea level. However the river plains of the Krishna, the Bhima, the Ghataprabha and the Malaprabha with the intervening watersheds, the step like landscapes, lateritic scarpments, residual hills and ridges break the monotony of this extensive plateau. The general slope is towards east and

this region is largely covered with rich black cotton soils (Expansive Soil). In this region, major crops grown are Tobacco, Sugar cane, Jawar, Sunflower, Toor, Groundnut, Soya bean and maize

4. The entire package is regarded as a single milestone. All the R&R and land acquisition has to be completed at the time of handing over of package to the contractor.
5. In this package 77 acres 17 ¼ guntas land has to be acquired, of this 76 acre 6 ¾ guntas is dry land and 02 guntas is plantation land and 1 acre 09 guntas is kharab land; there are 298 PAFs whose house hold/commercial structures/ assets/ livelihood is getting affected and 681 PAFs losing land;. There are 165 community assets getting affected. The PAFs listed in this RIP is as recorded during the cut-off date and further verified by the NGOs.
6. There are no major issues related to land acquisition and resettlement identified in this package.

### Objectives of RIP

7. The objective of this RIP is to provide a package specific guideline for implementation for R&R activities. The implementation plan identifies the persons affected, the type of entitlements to be provided for specific losses, what are the steps that will be adopted in getting compensation, details of members of the Negotiation Committee and the GRC members in the package, time table and steps to be taken by the PIU for protecting right ROW. Overall it provides how the RAP will be implemented in this particular package.

### Main activities of RIP

8. The main activities to be carried out in finalizing the RIP includes, Joint verification, distribution of ID cards, identification of sites for relocation, identification of income generating options, identification of vulnerable people who are not getting any assistance from Government, identification of resettlement centers and vendor markets, negotiations for land acquisition, payment of compensation, relocation and shifting of community assets. The members of the GRC and Negotiation committees have to be identified and informed, as mentioned in the RIP. The RIP after finalization will be disclosed

**Table 1- 2: Summary Tables on Impacts**

| Link | Description                    | LA Pvt    | Land Transfer | Major Impact | Minor Impact | Community Assets |
|------|--------------------------------|-----------|---------------|--------------|--------------|------------------|
| 19A  | Mudhol – Mahalingapura         | 6.14 1/2  | 0.01          | 41           | 149          | 39               |
| 19B  | Mahalingapura – Kabbur         | 42.39 1/4 | 0.23 1/2      | 75           | 367          | 65               |
| 19C  | Kabbur - Chikodi               | 4.22      | -             | 29           | 48           | 26               |
| 19D  | Chikodi - (NH-4 cross) Nippani | 22.12     | 0.25 1/2      | 87           | 189          | 35               |

**Minimization of Impacts and Corridor of Impact**

9. There are 6 cross section options adopted in this package to minimize impacts. The COI width varies from 11 m to 26m. Besides this, safety concerns have been addressed by building footpaths in built up area, providing footpath barricades, school/village signages, rumble strips and road humps.

The different cross sections used are:

1. UR1A Rural Cross section with paved shoulders varying from 18-26 m
2. UR2 Rural Cross section through village width varying from 11m to 22m.
3. UR3 Urban Cross Section in built up area with covered drain with a maximum width of 22m
4. UR4 Urban Dual lane Cross section in built up area with covered drain with a maximum width of 24 m.
5. UR6 Rural Cross section in hilly terrain
6. UR7 Rural cross section cutting

## II. LAND ACQUISITION AND RESETTLEMENT IMPACTS

10. This chapter provides an overview of the extent of land acquisition and the process of land price negotiations and details of documents to be submitted. It also provides the impacts of the project on community assets.
11. In this package 77 acres 17 ¼ guntas land has to be acquired, of this 76 acre 6 ¾ guntas is dry land, 2 guntas is plantation and 15 acres 1 acre 9 guntas is kharab land.. The details of the PAFs losing land is given in Notification issued under section 15 of the KHA 1964 in connection with land acquisition. There are 199 PAFs who are losing 5 guntas and more of agricultural land.

### Land Acquisition Status

12. The Notifications under Section 15 under the KHA for WAP 2 is as follows:
1. 19 A: No. PWD :139: EAP : 2011, Bangalore, dated 19 .10.2011;
  2. 19 B: No. PWD :140: EAP : 2011, Bangalore, dated 19 .10.2011;
  3. 19 C : No. PWD :141: EAP : 2011, Bangalore, dated 19 .10.2011;
  4. 19 D: No. PWD :142: EAP : 2011, Bangalore, dated 19 .10.2011

### Guidance Value

13. The Guidance Value of land for different categories of land, for the villages along the project road is given in Annexure 1 are as of July 2011. This guidance value will be referred to by the Negotiation Committee.
14. The rates will be revised annually by 10% on the 1st of April every year, in case Government has not revised it. The guidance value varies from a minimum of Rs. 40,000 per acre in Kothalli village in Chikkodi Taluk to Rs 3,03,000 per acre in Nippani village in Nippani Taluk..

### Negotiation Committee

15. The Replacement Cost of land for consent award will be determined by the Negotiation Committee. In this package the Negotiation Committee has been constituted vide GO No. PWD 215 EAP 2007 dated 24-10-2009. This Committee consists the following members:
- |   |   |                  |
|---|---|------------------|
| 1. Assistant Commissioner of the concerned Sub Division | : | Chairman         |
| 2. Assistant Commissioner of KSHIP                      | : | Member Secretary |
| 3. Executive Engineer KSHIP Division,                   | : | Member           |
| 4. Zilla Panchayat Member of the concerned jurisdiction | : | Member.          |
16. The details about the committee members will be updated by 30<sup>th</sup> June 2012.

**Method of Price Negotiation**

1. The concerned Land Acquisition officer who is the member secretary of the Negotiation Committee will call for a meeting;
2. Dates for price negotiation will be given village wise. Negotiation will be conducted village wise calling all the land losers together for negotiation. This is to ensure transparency.
3. The PIU will provide information on the guidance value of the land to land losers before Negotiations.
4. The minimum negotiated price will be twice the current guidance value for Bagalkot and Belgaum districts.
5. The Negotiation Committee will negotiate the price with the landlord;
6. Based on the decision of the Negotiation Committee the Special Land Acquisition Officer will initiate action to collect documents after obtaining the approval of competent authority in the PIU.
7. Compensation will be given within 30 days of receiving all the necessary documents by the Special LA officer. In case of delay , 9% interest will be given to the beneficiary upto a period of one year and after which, it will be increased to 15% . (This is as per the provisions of the LA Act).
8. On approval of the award by the Special DC or PD, the Special Land Acquisition Officer will make the payments accordingly.
9. Possession of Land will be taken vide Section 19, which will be only after the payment of compensation.

**Records to be submitted by the Land Owners**

17. As soon as Notification u/s 19 is issued, the NGO shall collect the following documents in respect of lands to be acquired, before inviting for negotiations.
  1. Original copy of RTC for current year;
  2. Original or attested copy of mutation in respect of land and Khatha Certificate in respect of site / building;
  3. Encumbrance Certificate for 13 years;
  4. No Tenancy Certificate and Certificate regarding 79A, 79B and 66;
  5. Bank Account details;
  6. Land holding / small / marginal farmers Certificate whenever necessary; and
  7. G. Tree.

After negotiations, the NGO shall collect the remaining documents such as –

1. Attested copy of Sale Deed/Partition Deed/Saguvali Chit/Regrant Order etc., to prove title of land;
2. Indemnity Bond;
3. Agreement and Affidavit

and submit them to the Assistant Commissioner for processing for compensation. Any fees incurred by the NGO in obtaining the documents shall be reimbursed by the Executive Engineer of the Division

#### **Failure of KHA and Appellate Committee**

18. Even after the minimum negotiation price as per the RAP is offered and the land owner does not agree for it, then the negotiation will be treated as failed and award will be passed as per the general LA Act. The price offered and the price demanded by the land owner in such cases will be recorded in the proceedings. The provisions of the LA amendment bill will be followed when they come into force.

#### **Valuation of assets on land under LA**

19. The valuation of structures and other assets will be carried out by Government approved Valuers appointed by the Executive Engineer in consultation with PIU. Valuation will be done on the basis of current PWD Schedule of Rates, without depreciation. Based on the valuation, another 30% will be given as top up to those who come forward for consent award. Trees will be valued by the Agriculture/Horticulture/Forest Department.

#### **Valuation of Crops**

20. Crop loss will be compensated based on the valuation done by the Agriculture/Horticulture Department.

#### **Valuation of other structures/assets**

21. The valuation of structures and other assets will be carried out as mentioned above. However, this will be verified and approved by the concerned Executive Engineer.

#### **Site Requirement for Residential and Commercial impacts**

22. Actual requirement of sites in each package, has been indicated in the Joint Verification report of NGO. In this package 13 sites are required for non - titleholders. Verification for titleholders is under progress. As far as possible, Government land will be identified for formation of sites and allotted to the eligible PAFs/PAPs. Where Government land is not available then the PIU, KSHIP shall examine alternatives such as - cash in lieu of sites or purchase of private land - on case to case basis, based on local factors.

#### **Loss of Community Assets**

23. In the contract package WAP 2, 165 community Assets getting affected.

**Table 2- 1: Summary Table on Community Assets**

| Sl. No. | Type of Community Asset | No         |
|---------|-------------------------|------------|
| 1.      | Temple/Shrines          | 30         |
| 2.      | Aralikatte              | 2          |
| 3.      | Bus Shelters            | 23         |
| 4.      | Hand Pumps              | 29         |
| 5.      | MWS/Water supply tanks  | 18         |
| 6.      | Borewells               | 17         |
| 7.      | Others                  | 46         |
|         | <b>Total</b>            | <b>165</b> |

24. All community assets on Government land will be shifted by PIU. All assets on private land will be shifted with assistance of NGO.
25. For Temple/shrine, Aralikatte, new site has to be identified by NGO in coordination with SDO/SWIs at the Divisional level. This site should be a Gramathana land or land given as donation. For land that is donated the concerned Engineer has to take a site consent letter from the donor of the site in prescribed format which will be prepared by NGO. The format will have Donor name and address, Site details(Survey nos, place, boundary) with measurement, the signatures of atleast 3 persons from the village is necessary on the letter for evidence. The donor has to also sign on the consent letter. The letter will be submitted to the Executive Engineer of the division. The EE will then have to construct the new community structure/Temple/Shrine/ Aralikatte etc. After the construction of the new structure the SDO/SWIs and NGO will jointly convince the concerned village people to demolish the existing structure, and shift the activities to the new place.
26. Bus shelters, Hand pump, MWS tanks, Bore wells and other community assets will be relocated and reconstructed. The KSHIP divisional staff will be taking necessary action with assistance of SDO/SWIs. The chainage wise community assets details are given in Annexure 6.

### III. BASELINE CENSUS SURVEYS AND CONSULTATIONS

#### Characteristics of displaced households

27. This chapter outlines the characteristics of displaced households. As a part of the project, a census survey of Project Affected Families / Persons (PAFs and PAPs) was carried out in the month of Dec.2007-Nov.2008. The findings of the census survey provided the magnitude of social impacts on the PAFs and PAPs. In this chapter, baseline socio-economic analysis has been done separately for the major impacted families.
28. Among religious groups, Hindus dominate with 77.72 percent followed by Jains at 6.35 percent and Muslims at 3.81 percent. Distribution of PAPs by occupation indicates that 77.35 percent are in agriculture; agricultural labourers account for 5.58 percent; commerce and trade supports 11.16 percent. In this package 69.17 percent of population has income less than Rs.26,000. 61.9 percent of the population falls within the age group of 18-60, which happens to be the working age group. In this package illiterate population accounts for 24.07; those with primary education account for 11.19 percent; those with secondary education account for 18.12 percent. Average land holding size is 5.36 acres. A look at the ownership of household assets indicate 57.92 percent own televisions; 30.13 percent own 2/4 wheelers; 15.90 percent own cooking gas; while only 8.48 percent own refrigerators. Some of the baseline parameters identified for those with major impacts are given in the table below. The details of the PAPs losing structures are given in Annexure 2,3.4.and 5.

**Table 3- 1: Baseline Socio Economic information - for Major impacts (232)**

|     |   |  |
|-----|---|--|
| 1.  | Losing total house                                  | <b>13</b>  |
| 2.  | Average area  | 30.16 sq.m   |
| 3.  | % of houses electrified                             | 2.15%  |
| 4.  | % of houses having water supply                     | 0.11%  |
| 5.  | Average earning                                     | Rs. 39,811/-   |
| 6.  | % of earners  | 26.78%   |
| 7.  | % of PAPs earning less than Rs.26,000*              | 14.58%   |
| 8.  | Average land holding (A-G)                          | 5.36 Acres   |
| 9.  | % of Farmers having less than 2.20 acres of holding | 28.30%   |
| 10. | % of PAPs in agriculture                            | 2.03%  |
| 11. | % of PAPs working as agriculture labour             | 1.24%  |
| 12. | % of PAPs in the service sector                     | 0.34%  |
| 13. | % of PAPs in Commerce and Trade                     | 25.31%   |
| 14. | Loss of commercial structures                       | <b>219</b>   |
| 15. | Type of commercial structure                        | 1 Pucca 3.20%<br>2. Semi pucca 12.79%<br>3. Kutcha 84.02%                    |
| 16. | Average area of commercial structure                | 6.73 sqm   |
| 17. | Type of shops affected (majority)                   | 1. Pan/cigarette – 34.25%<br>2. Tea shop/hotel - 11.42%<br>3. Barber- 11.42% |
| 18. | Average monthly turnover of shops                   | 1. Rs.13,000   |
| 19. | Ownership of Household assets                       | 1. Television - 51.29%<br>2. Refrigerator – 5.17%                            |

|  |  |                         |
|--|--|-------------------------|
|  |  | 3. Telephone – 16.38%   |
|  |  | 4. Cooking Gas – 20.26% |
|  |  | 5. 2/4 wheeler - 11.64% |

Note : \* Rs.26,000 has been taken as the cut off for BPL

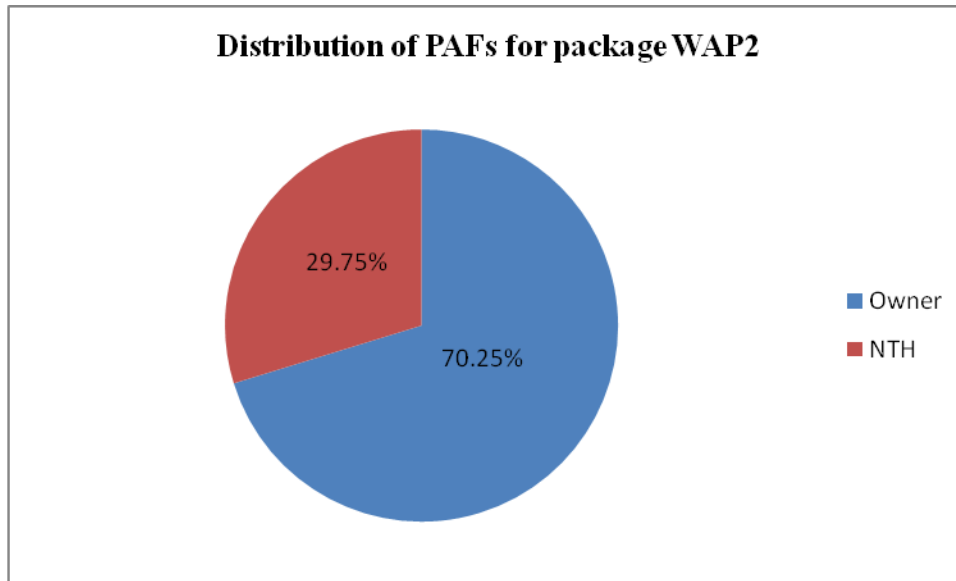

### Major and Minor Impacts

29. The list of major and minor impacts for this package is given below.

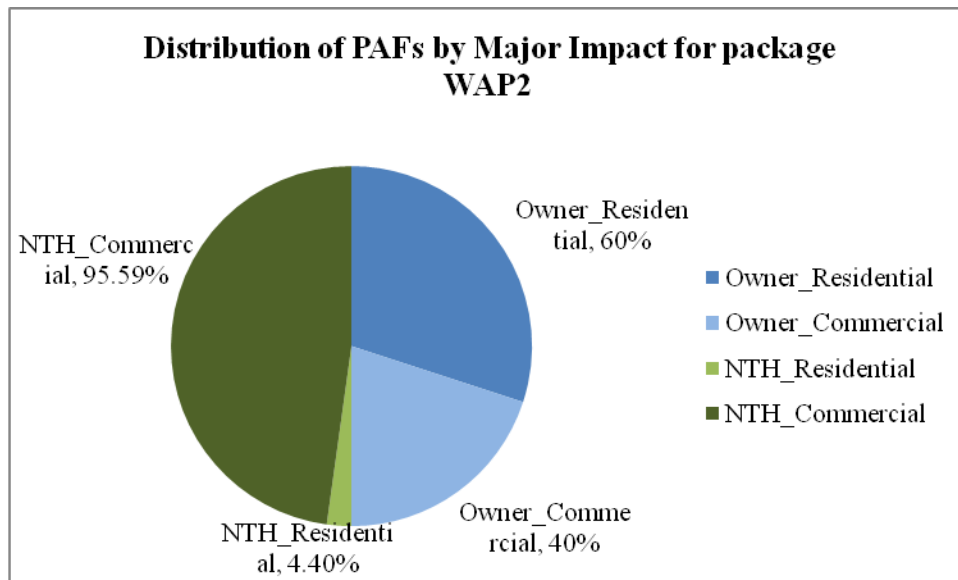

**Table 3- 2: Distribution of PAFs by Major and Minor Impacts for WAP 2**

| Sl. No. | Extent of Loss                           | Owner      | Tenant   | Squatter   | Encroacher | Total      |
|---------|--|------------|----------|------------|------------|------------|
|         | <b>Major Impact</b>                      |            |          |            |            |            |

**Figure 1- 1: Distribution of PAFs for Package WAP2**

**Figure 1- 2: Distribution of PAFS by Major Impact for Package WAP 2**

**Vulnerable groups**

30. Based on the Census survey, there are 1115 PAFs who come within the purview of vulnerable group. The categories include 185 widows; 828 persons above the age of 60 and 102 persons with disabilities. However this is only an enlistment of all persons coming under the vulnerable category. Only after verification by the NGO it will be confirmed whether these people are vulnerable. If so it

will be verified further whether they are already receiving pension / assistance from the Government. If the person is already receiving pension / assistance, then this offer will not be extended. Only after such verification will the person be entitled to assistance under this category. li

### Consultations

31. Four consultations were carried out in this package. The outcome of the consultation are summarized below

**Table 3- 3: Consultation Summary**

| Section | Details  | Issued Raised   | Response of project Authority   |
|---------|--|---|---|
| 19A     | <p><b>Date:</b> 21.11.2008</p> <p><b>Place:</b> Ranna Belagali</p> <p><b>No. of Participants:</b> 53</p> | <ul style="list-style-type: none"> <li>• People wanted to know the road formation width in village limit and outside.</li> <li>• People wanted to know whether equal widening is possible within village limits</li> <li>• People asked to construct over bridge in school, hospital and religious sensitive places.</li> <li>• It was also informed that about 23000 meters of panchayat water supply pipeline will get affected. The people wanted to know who will take responsibility to shift the pipeline</li> <li>• People losing their commercial structure wanted to know what assistance will be given by the project</li> <li>• A likely affected Tenant wanted know what is the provisions making in the project for tenants</li> <li>• BPL squatter losing their house asked for alternative site and construction cost of the house from the project.</li> <li>• People wanted to know what provisions are there for community assets getting affected. There were two temples which the people did not want the project to affect. The Mahalingeshwara temple and Mallikarjuna temple Mahadwara in belagali village</li> </ul> | <p>It was informed that outside the village limit 11 mt. from the existing center line and within village limit 8 mt. from the existing center line, and also informed that the proposed road design have prepared on the basis of field condition.</p> <p>It was explained that if existing road was straight it will take both side equally from the center, in the curve situation as per availability of width will considered.</p> <p>It was informed that all type of public utilities including water supply pipeline will be shifting by project authority before execution of civil work</p> <p>It was informed that the project will provide 10x15” commercial site for each BPL commercial squatter PAF accordingly project policy. If more than 20 BPL commercial squatter PAF’s are going to affect within 2 km project authority will construct commercial complex and allotted the rooms for them.</p> <p>It was informed that if any legal tenant is going to be affected in this project those who will be getting three month rental allowance which is determined by project policy .</p> <p>It was explained that all the residential BPL squatters will be getting EWS houses and shifting and subsistence allowance from the project</p> <p>As for as possible we try to retain the temple and other community assets as it is, in case it is not able to save that assets panchayat people would identify the alternative land/site outside of COI in your village limit, after that project authority will construct better Temple and all the community assets .</p> |

|---------|---|---|--|
|         |   | <p>He is a Tenant PAP, he wanted know what the provisions in the project for tenants.</p> <p>What to do when the Temple, Community assets are affected in the village? He demanded upto 50.000 Rs for commercial site purchase for commercial squatters .And he asked to people to give cooperation to project implement officials</p>  | <p>going to be affected in this project those who will be getting three month rental allowance which is determined by project policy</p> <p>As for as possible we try to retain the temple and other community assets as it is, in case it is not able to save that assets panchayat people would identify the alternative land/site outside of COI in your village limit, after that project authority will construct better Temple and all the community assets . More assistance for commercial squatters matter will be reported to higher authority for consideration.</p>  |
| 19D     | <p><b>Date:</b> 19.12.2007</p> <p><b>Place:</b> Pattankudi</p> <p><b>No. of Participants:</b> 113</p> | <ul style="list-style-type: none"> <li>• People asked for proper compensation and also wanted to know the mode of compensation.</li> <li>• People wanted to know the road cross sections and how compensation would be paid.</li> <li>• A Handicapped person losing her shop wanted to know what additional assistance would be provided to her.</li> <li>• In Nippani Town the people requested the COI to be reduced to 9 mts on either side of the centre line.</li> <li>• An affected person had just taken a loan to build his house, which is likely to get affected. He wanted to know how he would be compensated.</li> <li>• Another point raised was a person losing his agriculture land; his land is under dispute and the matter is pending in court; he wanted to know how the project would compensate him.</li> <li>• Another affected person losing open land wanted to know whether the project would give another site as compensation.</li> </ul> | <p>The project will pay compensation for agricultural land according to KHA. Structure compensation will be according to the current PWD SR. Assistance for squatters will be according to the Project Policy.</p> <p>Handicapped persons will be provided assistance according to Project Policy and RAP.</p> <p>The cross section at Nippani will be looked into.</p> <p>If a person's house has been affected by the project he will get compensation according to the project policy .</p> <p>For cases pending with the court , the matter will be looked onto on case to case basis during implementation and will be taken up with the DCs office.</p> <p>It was explained the project did not have an option of land for land. But compensation will be paid for any land acquired by the project.</p> |

## IV. IMPLEMENTATION MECHANISMS

### Institutional Arrangements

32. This chapter outlines the implementation mechanism specifically for this package, including the tasks of the NGO and the GRC. It also outlines the assistance to be paid to affected persons and provides the tasks to be completed before the start of civil works.
33. The SDRC, PIU will facilitate land acquisition and compensation, relocation and resettlement, distribution of assistance for the PAPs. The SDRC is responsible for monitoring the implementation of all resettlement and rehabilitation activities, including land acquisition. WAP 2 will be implemented by KSHIP Division, Belgaum. The SDO and SWI appointed for the Belgaum division will take care of R&R activities of this package. The SDRC will be supported by the NGO for implementation of RAP.

### Extending R & R Assistance to PAPs.

34. R&R assistance will be disbursed according to the R&R Policy. The NGO will verify the PAPs and ensure that they get the assistance in accordance with their entitlements. The entitlements given here are accurate as far as possible, however, because only preliminary notification for land losers has been given at this stage, the exact details about entitlements need to be updated at the time of paying R&R assistance. The cash allowances are updated for 2012-13 and will be further adjusted as needed for 2013-14 and beyond. The exact number of disbursements made for each year will be computed after all assistance is given. The annually revised amounts are mentioned in the Implementation Manual.

35. Table 4- 1: R& R Assistance

| Entitlement Category | Category of loss    | Entitlement  |
|----------------------|---------------------|--|
| 1a                   | 681 PAF losing land | <ul style="list-style-type: none"> <li>• Negotiation as per Karnataka State Highway Act, 1964;</li> <li>• Amount equivalent to current stamp duty and registration charges on compensation amount;</li> <li>• **Additional 25% compensation in case remaining land is severed;</li> <li>• Crop/tree damage compensation as assessed by concerned Departments;</li> <li>• *In case land owners becomes landless or marginal families, the following additional entitlements will be offered: (a) subsistence allowance of Rs.36,300 for land less and marginal; and, (b) assistance for creating Income generation asset valued upto Rs.90,750 for those becoming marginal farmers and landless only;</li> <li>• Additional amount of Rs.24,200<sup>1</sup> will be restricted to those who loose narrow stretch of land as additional compensation in lieu of all other benefits. Additional amount of Rs 24,200 to those who</li> </ul> |

<sup>1</sup> Narrow stretch of land is defined as persons losing upto 5 guntas of land.

\*These entitlements will be applicable only when the farmers submit the landholding/ marginal farmer document, and if found applicable.

\*\* This will be verified after Section. 19.

| Entitlement Category | Category of loss                              | Entitlement  |
|----------------------|---|--|
|                      |   | <p>lose more than a narrow stretch and are not eligible for any other additional benefits.</p> <ul style="list-style-type: none"> <li>*For those becoming landless and all marginal farmers training assistance will be provided for income generating vocational training and skill upgradation options as per affected persons choice ;</li> <li>Employment opportunity for affected persons as per his skills and availability of suitable work in road construction work.</li> </ul> |
| Ib                   | 3 owners losing total residential structure   | <ul style="list-style-type: none"> <li>Compensation at current PWD scheduled rates without depreciation and 30% solatium</li> <li>Alternative houses in resettlement colony or developed plot<sup>2</sup> and construction cost of Rs. 60,000 linked to construction progress.</li> <li>Shifting assistance of Rs. 12,100</li> <li>Subsistence allowance of Rs. 36,300</li> </ul>  |
| Ib                   | 1 owner losing partial residential structures | <ul style="list-style-type: none"> <li>Compensation at current PWD scheduled rates without depreciation and 30% solatium</li> <li>Additional 25% compensation for partially affected structures towards reconstruction</li> </ul>  |
| Ic                   | 2 owners losing commercial structure          | <ul style="list-style-type: none"> <li>Compensation at current PWD scheduled rates without depreciation and 30% solatium</li> <li>Alternative shop or assistance for income generation asset valued upto Rs. 90,750</li> <li>Shifting assistance of Rs. 12,100</li> <li>Subsistence allowance of Rs. 36,300</li> </ul>   |
| Ic                   | 1 owner PAFs losing partial commercial        | <ul style="list-style-type: none"> <li>Compensation at current PWD scheduled rates without depreciation and 30% solatium</li> <li>Additional 25% compensation for partially affected structures towards reconstruction</li> </ul>  |
| Ia                   | 4 owners losing cattle shed                   | <ul style="list-style-type: none"> <li>A grant of Rs. 15,000 for replacement of Cattle shed;</li> </ul>  |
| IIIa                 | 7 Squatter s losing residential structure     | <ul style="list-style-type: none"> <li>House in resettlement colony or developed plot and construction cost of Rs. 60,000 linked to construction progress.</li> <li>Subsistence allowance of Rs.15,000;</li> <li>Shifting Allowance of Rs.5000.</li> </ul>   |
| IIIb                 | 213 Squatter losing commercial structures     | <ul style="list-style-type: none"> <li>Alternative shop of 100 sq.ft or assistance for income generation asset value upto Rs. 36,300;</li> <li>Subsistence allowance of Rs.18,150</li> <li>Shifting Allowance of Rs. 6,050</li> </ul>  |
|                      | 1 encroacher losing cattle shed               | <ul style="list-style-type: none"> <li>A grant of Rs. 15,000 for replacement of Cattle shed;</li> </ul>  |
|                      | 16 Squatter losing partial assets             | <ul style="list-style-type: none"> <li>This needs to be further verified</li> </ul>  |
| IIIc                 | 57 encroachers                                | <ul style="list-style-type: none"> <li>Replacement cost of affected structure calculated at current PWD scheduled rates without depreciation</li> </ul>  |

<sup>2</sup> Developed plot will be restricted to those who do not have any homestead land.

**Implementation support by NGOs**

36. The work of the NGO will include consultations and counseling of PAPs, encouraging PAPs for productive utilization of compensation and rehabilitation grants, facilitating PAP access to income generating assets, increasing the social acceptability, ensuring effectiveness of training programs organized for PAPs electing participation in self employment schemes etc.
37. The NGO will work as a link between the PIU - SDR Cell and the affected community. For this section the NGO is: BIRDS (Bijapur Integrated Rural Development Society). The division office of this NGO is located in Dharwad. They will educate the PAPs on the need to implement the Project, on aspects relating to LA and R&R measures and ensure proper utilization of various compensations extended to the PAPs under the R&R entitlement package. The tasks of the NGO will be to facilitate the resettlement process. The responsibilities of the NGOs include
1. Identification, verification and updating of PAP Census, includes verification of properties of PAPs and estimation of their type and level of losses;
  2. Educate PAPs on their rights, entitlements, and obligations under the RAP; Assist the PAPs to identify suitable alternate land for resettlement purposes;
  3. Preparation and Distribution of Entitlement cum Identity Card. All eligible project affected families will be issued Identity Cards, giving details of the type of losses and type of entitlements.
  4. Ensure that PAPs receive their full entitlements; Where options are available, the NGO will provide advice to PAPs on benefits of each option; Ensure proper utilization by the PAPs of various compensations available under the R&R package; Assist the PAPs in getting benefits from various government development programs;
  5. Rehabilitation of Affected Families and restoration of Income and Livelihood. The NGO will help the communities derive maximum benefits out of the project without losing their livelihoods and the least impact on socio-cultural aspects of their lives.
  6. Assist PAPs on grievance redressal through the established system; and
  7. Will relocate PAPs. Assist PIU in making arrangements for the smooth relocation of the PAPs; No Physical relocation from agriculture land, residential units, commercial establishments or other immovable properties will begin before alternate arrangements are made.
  8. Any other responsibility that may be assigned by the PIU for the welfare of the affected communities.
38. In order to carry out the above tasks, NGO staff will be stationed in the site office at Nippani. Besides contacting the PAPs on an individual basis to regularly update the baseline information, group meetings and village-level meetings will be conducted by the support agency on a regular basis. The frequencies of such meetings will depend on the requirements of the PAPs but should occur at least once a month. The support agency will have to encourage participation of individual APs in such meeting by discussing their problems regarding LA, R&R and other aspects relating to their socio-economic lives. Such participation will make it easier to find a solution acceptable to all involved.

**IR Activities**

39. There are two types of IR activities, i.e. short term and long term. Process of identifying income generating options for those losing commercial structures is under progress.
40. **Short Term IR activities:** Short-term IR activities mean restoring APs' income during periods immediately before and after relocation. For this, the NGO shall ensure that: compensation and R&R assistance as provided in the entitlement matrix such as subsistence allowance and shifting allowance are provided to the PAPs. Other works of the NGO include facilitating employment to the PAPs in the project construction activities, depending on their skill and other allied activities.
41. **Long Term IR Activities:** This includes provision of shops for those losing their total livelihood to re-establish their commercial activities. It also includes providing of a shop plot in a commercial block or purchase of income generating assets upto Rs.36,300 in case of commercial squatters.
42. The steps to be followed for income restoration include:

Step 1: Identification of Target Groups – NGOs need to identify the affected persons;

Step 2: Identification of IR Activities - Prepare a list of possible and feasible income restoration options. While identifying IR options, the following factors shall also be considered: (i) Education level of APs; (ii) Skill possession;(iii)Likely economic activities in the post displacement period; (iii) Extent of land left; (iii) Suitability of economic activity to supplement the income; (iv)Market potential and marketing facilities. Based on socio-economic characteristics and options preferred by APs, the NGO may have to re-assign trades to PAPs. Options include (i) petty trade (iii) skill related schemes and loans for pumps, bore wells, bullock carts etc to increase productivity. The NGO will assist PAPs in identifying appropriate alternative economic rehabilitation schemes through counseling and consultation.

Step 3: Training: Option for training for skill enhancement for those losing their livelihood has been provided in the Entitlement Matrix for owners losing commercial structure and employees losing their livelihood.

Step 4: Identification of Trainers / Training Institutes: Based on trades selected, NGO shall have to identify master trainer and/or training institute for different trades / activities who can provide on the job training.

Step 5: Training Arrangement: NGO shall make different groups of PAPs as per trades selected and make all the arrangements such as fixing the venue etc.

Step 6: Monitoring of APs: After training the NGO shall monitor the PAPs in order to take mid-term correction measures, if required.

**Monitoring and Evaluation support for RAP**

43. An external monitoring and evaluation agency, Samaj Vikas, has been appointed to concurrently monitor and evaluate R&R activities on periodical basis with NGOs. The role of such an agency will facilitate process of R&R and thus provide support in the proper implementation of rehabilitation programmes. And the M&E Consultant will ensure and certify that the stretch is free from all encumbrances related R&R measures, at every stage prior to issue of bids, prior to signing concession agreement, prior to appointed date and prior to hand over of the second Milestone stretches to the developer. The end evaluation will be carried out through independent consultants not associated with the implementation as to how the R&R objectives are realized and the changes

in the living conditions of the PAPs which will be compared with the baseline data on key impact indicators related to income, occupation, assets, housing conditions, land ownership pattern, etc.

### **Grievance Redressal mechanism**

44. The project will establish a Grievance Redressal process with district-level committees. The following persons constitute the District Level Grievance Redressal Cell :
- |  |            |
|--|------------|
| 1. Deputy Commissioner of the District                 | – Chairman |
| 2. Academician ( to be selected by the DC)             | – Member   |
| 3. Representative from PAPs (to be selected by the DC) | – Member   |
| 4. Divisional EE                                       | – Convener |

The members of the GRC to be selected by the DC and representatives from the PAPs are under progress and will be completed by 30<sup>th</sup> June 2012.

45. The main functions of the GRC will be:
- to provide support to PAPs on problems arising out of eligibility for RAP-provided entitlements and assistance provided;
  - to record the grievances of the PAPs, and categorize, prioritize and solve them within one month;
  - to inform PIU of serious cases within one week; and
  - to report to the aggrieved parties about the developments regarding their grievance and decisions of the PIU, within one month.
46. The Grievance Committees will meet regularly during implementation of the RAP, at least once a month. The committees will suggest corrective measures at the field level itself and fix responsibilities for implementation of its decisions. However the NGOs will form the first level of intervention in resolving PAP related grievances and attempt to motivate the PAP to facilitate implementation of the R&R program. Details regarding registering complaints, response times, communication modes, and mechanisms for appeal or approaching civil courts if other provisions fail are:
- At the first level intervention the NGO will attempt to resolve the grievance;
  - Next the CAO will attempt to address land related grievance and the ADSW will address the non-land related grievances;
  - The third step will be to approach the Grievance Redressal Committee;
  - Next the PAP can approach the Regional Commissioner who is the Appellate Authority.
  - If all the above fails, the PAPs can approach the court.

It is the responsibility of the SDRC/NGO to inform the affected person's decisions of the GRC to make it effective.

### **Resettlement Colonies and Vendor Markets**

47. In this package there is no requirement for resettlement colony, as more than 20 families are not losing their residential structure in this stretch.

**Protection of RoW**

48. Section 5 of the KHA mentions the Highway Authority will exercise power and discharge duties in accordance with provisions of the KHA for restriction of ribbon development along the highways and for prevention and removal of encroachments. The Highway Authority under Section 7 has power to fix boundary of building and control lines of highways. Section 21 mentions prevention of unauthorized occupation of highway. Thus the onus of protecting the COI/RoW lies with the Project Authority. Once the COI/Row has been identified and frozen, the COI/RoW has to be clearly marked with boundary stones.
49. Any new encroachment into the area will be monitored by the concerned KSHIP Division from the time the cut-off date is established and the baseline surveys are completed. The Divisional Engineers shall visit the project roads periodically, at least once in three months, in order to ensure that no new encroachments take place and submit quarterly reports in this regard. Any additional encroachments noticed through periodical visits will be issued notices and their shifting will be done immediately. To avoid future encroachments, it is proposed to construct drains at the edge of ROW and ROW stones will also be laid.
50. The NGOs shall take photographs of the affected structures at the time of joint verification and also after their shifting / demolition of the affected portion and prepare documentation of structures.
51. Those Non-titleholders already identified by the project will be issued Identity Cards by the PIU. All new encroachers / squatters not present during the time of survey, will have to be verified by the NGO/PIU. All squatter and encroachers have to be shifted from out of the COI and RoW. Those who remain in the Row will not be eligible to entitlements.

**Impacts on Municipal Towns**

52. Verification for non - titleholders has already been completed on this package. All the persons identified at the time of survey and verified by the NGOs at the time of joint verification but subsequently shifted by the Municipalities will be extended assistance as per the RAP.
53. KSHIP shall address all the Municipalities in the Project Roads informing them of the Rehabilitation and Resettlement Policy of the Government under KSHIP-II and the details of persons identified as Project Affected Persons in their jurisdiction. If the Municipality wants to shift any of them for their development works, they may do so after providing them assistance as per the R&R Policy of the Government or inform the details of such persons to KSHIP for extending assistance under the project
54. In this package the project road passes through the Municipality areas of Mudhol and Chikkodi . These Municipalities will be addressed informing them of the Rehabilitation and Resettlement policy of Government under KSHIP-II project and the details of the persons identified as 'Project Affected Persons' in their respective jurisdiction. In case the Municipalities desire to shift any of the Project Affected Person on account of development work, they may do so after providing assistance to them

as per the R&R Policy of Government or to inform the details of such displaced persons to KSHIP for extending assistance to them under the project.

### **Data Base Management**

55. The database generated will be used for tracking progress of this package by PIU. The data in the HQ will be updated based on the information sent by the division office. PIU will be responsible for tracking payments, generation of ID cards etc through the Data Base Management Consultants. The socio-economic data for all PAPs are recorded in the Data Base and will be used for monitoring and impact evaluation and other purposes.

### **Compensation and R&R assistance payment:**

56. All the compensation and R&R assistance will be directly credited to the individual Bank A/cs. The deduction of income tax is not applicable for receipt of compensation. The NGO will assist in opening of the Bank A/cs and the details of payments will be recorded in the individual identification cards and Pass Books. In case where the house/shop plots are allotted, the titles to those will be provided in the joint name of wife and husband.

### **Co-ordination between R&R and Civil works**

57. The resettlement programme will be co-coordinated with the timing of civil works. The Civil works for this package is expected to start in December 2012. R&R and land acquisition is estimated to be completed by August 2012. Under the Annuity Packages all land has to be handed over at one stage. This will be after issue of Notification under Section 19 of KHA. The timeline for key activities is given below.

58. The implementation of RIP will be performed in coordination with the procurement process and civil works. The key mile stone in the process includes: issue of bids, signing of concession agreement, appointed date and handing over of second mile stone stretches within 3 month of appointed date. The various land acquisition and resettlement implementation actions to be completed prior to those mile stones are listed below with respective target dates. The completion of these actions will be certified through certification and confirmation by the M&E consultants.

**Table 4- 2: Time line for Key LA and R & R Activities**

|          | <b>Tasks</b>                                 | <b>Target Date</b> | <b>Prior to Event</b>           |
|----------|--|--------------------|---------------------------------|
| <b>I</b> | <b>Land Acquisition</b>                      |                    |                                 |

| 9      | Shifting allowance for<br>squatters                | 220                              |                                      |                           |                            |   |
| 10     | Community Assets                                   | 165                              |                                      |                           |                            |   |

**Additional Impacts**

60. Any additional impacts identified during the implementation will be considered in accordance with RAP and the project entitlement matrix given therein. Any observation on additional impacts will be forwarded by the Division to the PIU. The NGO will follow up the matter in the field. A note will be prepared for the concurrence of the CPO.

**Budget**

61. The budget for land acquisition and R&R activities for this package is Rs.13.41 crores which forms a part of the overall budget approved by the GoK. The details of the budget have been given in the RAP. Any additional budget need, will be obtained through additional approvals.

**Table 4- 4: Budget**

| Sl. No | Category              | Total (INR)         |
|--------|-----------------------|---------------------|
| 1.     | Land Acquisition      | 75290000            |
| 2.     | Alternative site cost | 12400000            |
| 3.     | Structure cost        | 3356101             |
| 4.     | R&R assistance        | 43070000            |
|        | <b>WEP 2 total</b>    | <b>1,34,11,6101</b> |

**Disclosure**

62. The RIP will be disclosed on the KSHIP website and the document will be available in PIU HQ and the respective PIU division office at Belgaum, and Taluk offices of Mudhol and Chikkodi . General

Consultations will also be done for the package and documented and recorded. As part of disclosure of RIP, public consultations will be held at important, locations to explain the contents of the RIP and make them understand the process of implementation of RAP and also information about whether the document and the list of PAPs will be available for their information. The details of grievance redress process will also be explained. In addition, the periodical progress reports and other studies carried out in relation to R&R will also be disclosed in the website.
