5. Payment (Periodic Advance) (Bank/IFC September 2011)

The Grantee shall maintain separate records and ledger accounts in respect of the Grant deposited in TF #072205 and disbursements made therefrom.

The Grantee shall furnish to USAID current financial information relating to receipts, disbursements and fund balance in United States Dollars with respect to the Grants in TF#072205 via the World Bank's Trust Funds Donor Center secure website. The Grantee shall provide to USAID, within six (6) months following the end of each Grantee fiscal year, an annual single audit report, comprising (1) a management assertion together with an attestation from the Grantee's external auditors concerning the adequacy of internal control over cash-based financial reporting for all cash-based trust funds as a whole; and (2) a combined financial

statement for all cash-based trust funds together with the Grantee's external auditor's opinion thereon. The cost of the single audit shall be borne by the Grantee.

The Grantee and USAID shall agree on the appropriate scope and terms of reference of such audit. Following agreement on the scope and terms of reference, the Grantee shall arrange for such external audit and shall provide a copy to USAID. The costs of any such audit, including the internal costs of the Grantee with respect to such audit, shall be paid by USAID.

7. Refunds (Bank/IFC July 2011)

- b. Funds obligated by USAID, but not disbursed to the Grantee before the award expires or is terminated will revert to USAID, except for funds committed by the Grantee to a legally binding transaction applicable to the award. - c. If, at any time during the life of the Award, or as a result of an audit conducted under the provisions of this award, it is discovered that USAID funds provided under the Award have been expended for purposes not in accordance with the terms of the Award, then the Grantee must refund the amount to USAID as determined by the Grantee's policies and procedures, which provide for such reimbursement if the misuse of funds is a substantive deviation rather than procedural and falls within the Grantee's exercise of its responsibilities, and by the parties in accordance with the dispute resolution provisions of this Award.

8. Award Budget Limitations and Revisions (April 2011)

- a. The approved award budget is the financial expression of the Grantee's program as approved during the award process. USAID is not obligated to reimburse the Grantee for any costs incurred in excess of the total amount obligated under the award.
- b. The Grantee must immediately request approval from the Agreement Officer when there is reason to believe that, within the next 30 calendar days, a revision of the approved award budget will be necessary for any of the following reasons:

- (1) To change the scope or the objectives of the program or to add any new activity.
 - (2) To revise the funding allocated among program objectives by more than ten percent (10%) of the total budget amount unless the award states otherwise.
 - (3) Additional funding is needed.
 - (4) The Grantee expects the amount of USAID authorized funds to exceed its needs by more than \$20,000 or ten percent (10%) of the USAID award, whichever is greater.
- c. The Grantee will not be obligated to continue performance under the award (including actions under the “Termination Procedures” provision) or otherwise to incur costs in excess of the amount obligated under the award, unless and until the Agreement Officer notifies the Grantee in writing that the obligated amount has been increased and specifies the new award total amount.

9. Termination Procedures (Bank/IFC July 2011)

The award may be terminated by either party, in whole or in part, at any time with 90 days written notice of termination. After receiving a termination notice from the Agreement Officer, the Grantee must take immediate action to cease all expenditures financed by the award and to cancel all unliquidated obligations if possible. The Grantee may not enter into any additional obligations under the award after receiving the notice of termination, other than those reasonably necessary to effect the close out of the award. Except as provided below, no further reimbursement will be made after the effective date of termination. As soon as possible, but in any event no later than 120 days after the effective date of termination, the Grantee must repay to USAID all unexpended USAID funds that are not otherwise obligated by a legally binding transaction applicable to the award. If the funds paid by USAID to the Grantee before the effective date of termination are not sufficient to cover the Grantee’s obligations under a legally binding transaction, then the Grantee may submit a written claim for such amount to USAID within 120 days after the effective date of termination. The Agreement Officer will determine the amount(s) to be paid by USAID to the Grantee under the claim in accordance with the “Allowable Costs” provision of the award and eligible expenditures and activities set out in Attachment 2.

10. Financial Management, Procurement, and Evaluation (Bank/IFC July 2011)

To the extent not inconsistent with other provisions of the award, USAID and the Grantee understand that funds made available to the Grantee must be administered in accordance with the Grantee’s policies and procedures, including its financial, procurement and evaluation policies and procedures.

11. Dispute Resolution (April 2011)

13. Disability Policy (Bank/IFC July 2011)

The Grantee has an established practice of not discriminating against persons with disabilities in the implementation of Grantee's activities and hiring of Grantee's staff. Consistent with its policies, procedures, and guidelines and depending on the scope of the activities, the Grantee commits to include men and women with disabilities and benefit children with disabilities in the award activities.

14. Terrorist Financing Clause (EBRD and the World Bank) (April 2011)

Recognizing the obligations of the United States and other member countries under various United Nations Security Council Resolutions to take measures to prevent financing of terrorists, the World Bank undertakes to use reasonable efforts, consistent with the agreement establishing the World Bank and its own policies, including those pertaining to combating financing for terrorists, to ensure that the funds provided under the award are used for their intended purposes and are not diverted to terrorists or their agents.

To the extent the World Bank may use the funding provided by USAID under the award for the purpose of providing awards to or entering into contracts with other Grantees, the World Bank will include a provision in each award agreement or contract between the World Bank and each Grantee that the Grantee.

- (1) Will not use the proceeds of the award or contract for the purpose of any payment to persons or entities, or for the import of goods, if such payment or import, to the Grantee's knowledge or belief, is prohibited by a decision of the United Nations Security Council taken under **Chapter VII of the Charter of the United Nations** (<http://www.un.org/en/documents/charter/chapter7.shtml>), including under **S/RES/1373 (2001)** ([http://www.undemocracy.com/S-RES-1373\(2001\).pdf](http://www.undemocracy.com/S-RES-1373(2001).pdf)) and related resolutions, and
